

**SAINT
ALOYSIUS**
CATHOLIC SCHOOL

2024-2025 Parent & Student Handbook

Mission Statement

St. Aloysius Catholic School, with the support of our parish community, serves our students through Christ-centered formation and academic excellence.

Graduates will be well-prepared for high school academics, eager for life-long learning, and committed to living their Catholic faith.

July 2024

Dear Parents & Students,

Welcome to a new year at St. Aloysius Catholic School. We are looking forward to a year of growth both academically as well as spiritually. By joining St. Aloysius, you are not simply enrolling your child in school, you are pledging your family to actively join a community rich in Catholic tradition, strong in Catholic education, and committed to serving one another as living examples of Catholic faith.

This sense of community pervades all that we do at St. Aloysius. As parents, you are the first and most important teachers of your children. We believe that St. Aloysius Catholic School shares with the home, the Church, and the greater community, the responsibility for the total development of the student. Only by working together will our children find success. This handbook is designed to clarify policies, procedures, and expectations that we must all uphold.

As active members of the St. Aloysius Catholic School community, parents pledge to:

- Participate at the Eucharist and celebrate the sacrament of Reconciliation with their children.
- Continue, with their children, to grow spiritually through sacramental preparation programs, parish prayer, and other religious formation opportunities.
- Support the parish through stewardship by use of the Sunday sacrificial envelopes and contributions of time and talent to both parish and school programs and organizations.
- Support the teaching authority of the school, its faculty, and staff.

We believe that a strong community will produce stronger students. We look forward to working with you this year while we build on the many blessings God has given us.

Fr. John Stoltz
Pastor

Mrs. Paula Smith
Principal

School Guiding Documents

1. Archdiocese of Louisville Catholic School Policy (updated 2021)

WORKING TOGETHER IN CATHOLIC SCHOOLS 1000

Catholic schools in the Archdiocese of Louisville work in partnership with parents and their school communities to promote a shared responsibility for the education of each child. The principles and expectations below help us all to achieve this critical partnership.

This partnership recognizes:

- Parents as the primary and continuing educators of their children.
- The contribution that parents make by valuing the Catholic identity of our schools.
- The shared responsibility for the moral, spiritual, emotional, and social development of students in our schools.

Parents can expect that their child's school will:

- Provide an excellent education based on the traditions of Catholic teachings.
- Strive to maintain a safe, secure, and welcoming environment for their children.
- Involve parents as the first educators in any decisions that affect their child's learning or well-being.
- Provide timely and accurate information about their child's progress.
- Respect a parent's working hours in terms of response times to emails and phone calls.
- Demonstrate respect for the privacy of families in all interactions, including through the use of technology and social media.

The school can expect that parents will:

- Actively support school policies and expectations.
- Work collaboratively with school leaders, teachers, and staff.
- Respect the skills, knowledge, and experience of school leaders and teachers.
- Demonstrate respect for the school and staff in all communications including digital technologies and social media.
- Contribute to the life of the school in ways that reflect their interests, skills, and experience.
- Fulfill their commitment to pay all fees in a timely manner, and in hardship circumstances, to actively work with the school to seek out mutually suitable arrangements for their payment.
- Respect a teacher's working hours in terms of response times to emails and phone calls.
- Request a formal meeting time with their child's teacher when there is a concern to be discussed.

As integral partners in the life of school communities, the school with parents have a co-responsibility to:

- Value and respect the Catholic identity of the school, its relationship to the parish community, and the teaching of Catholic beliefs.
- Model Christian values and support the mission of Catholic schools with all members of the school community.
- Value and respect the diversity and cultures within the school community.
- Contribute to a welcoming and inclusive school community.
- Support the child's learning at school and home.
- Contribute to consultation through the advisory board and participate in appropriate decision-making processes.
- Work toward resolving disagreements through respectful discussion and negotiation.
- Contribute to a culture where privacy and confidentiality are assured.
- Ensure respectful and caring relationships are reflected in the ways in which staff, students, and parents interact when engaging in sporting and extra-curricular activities.
- Acknowledge and support the work of the school advisory group and associated committees within the school and parish.

Adapted from "Parent Charter for Catholic Schools in the Archdiocese of Canberra & Goulburn." Permission received to use and adapt.

2. Vision Statement

St. Aloysius School is a Catholic collaboration between the families of our students, the staff and faculty, and the parish as a whole. We are all called to serve one another by being committed to and accountable for quality learning by all, with Jesus as our inspiration. St. Aloysius Catholic School is committed to the following:

- the continual improvement of our school,
- the creation of environments where everyone interacts,
- the fostering of innovation and improvement in our daily activities,
- coming together as a Catholic community to reflect, assess and make decisions for future progress.

We acknowledge that we are all engaged in a common purpose that will not be reached unless we rely on each other. Following this vision, St. Aloysius Catholic School will be a thriving community dedicated to providing an environment in which high academic expectations, spirituality, and a strong sense of Catholic community enhance the education of the whole person.

3. Mission Statement

St. Aloysius Catholic School, with the support of our parish community, serves our students through Christ-centered formation and academic excellence. Graduates will be well-prepared for high school academics, eager for life-long learning, and committed to living their Catholic faith.

4. School Goals

To carry out our philosophy and mission the faculty and staff are committed to the following goals:

1. To form a Catholic community of students, parents, faculty, staff, and all other persons related to the school.
2. To provide an academic program of excellence which challenges each student to reach his/her potential and gives the students the knowledge and skills necessary for this age of technology.
3. To stress respect, responsibility, and accountability.
4. To develop the student's ability to integrate and apply knowledge and experiences.
5. To develop Christ-centered life long learners.
6. To provide a supportive and caring atmosphere for all involved in the school, especially the students.

5. Faculty Philosophy

The faculty and staff of St. Aloysius Catholic School participate in the educational mission, which Jesus entrusted to His church. We believe parents are the primary educators of their children and that we work with them as a cooperative group having common purposes and motivated by common ideals. Our educational commitment is to provide a Catholic atmosphere of freedom and responsibility. St. Aloysius School implements the religious formation of its students in light of the teachings of the Catholic Church. We strive to instill a love of learning, an appreciation for God's world, and a true respect for the uniqueness of each individual.

6. Religious Education Program

Following the norms and requirements of the Catholic Church, the primary goals of St. Aloysius' religious education program are:

1. To proclaim Christ and His message.
2. To foster the experience of community with Christ and with His people.
3. To motivate service to others.

4. To inspire growth in prayer.
5. To teach the doctrines and traditions of the Catholic Church.

Religious education is the foundation that gives coherence and meaning to the rest of the students' learning experiences. Each religion period is used toward this end. More specific information on the religion program and sacramental preparations at St. Aloysius Catholic School can be found in the curriculum area of this handbook.

Admissions

7. School Admission Policy

(Revised July 2021)

The basic purpose of Catholic schools is to assure that Catholic truths and values are fully integrated with the students' life and academic program. Families of students should not apply unless they desire and intend to participate fully in the religious program of the school.

The school will meet or exceed the educational requirements as stated by the Kentucky State Board of Education and the Archdiocese of Louisville. The following admission policy has been approved and adopted by the St. Aloysius School Board and St. Aloysius Parish Council.

8. Definition of an Active Parishioner

Regularly attends Mass/Sunday liturgy and worship services, participates in parish stewardship by financially supporting St. Aloysius Church through consistent financial contributions as well as the sharing of time and talent through involvement in activities, committees, ministries, etc. Faithful stewardship activity is determined by review and confirmation of the information presented on annual stewardship intention forms. One parent must be Catholic and the student(s) must be up to date on his/her sacraments or currently enrolled in RCIA.

9. Admission Guidelines

Admission for kindergarten through eighth grade is based on giving priority to parish families as defined above. This preference for active parishioners will be given during the active registration period only and is determined using the following order of acceptance:

Please note: All kindergarten students must be five years old by August 1st. All first grade students must be six years old by August 1st

1. Parish families who have children in St. Aloysius Catholic School who have been enrolled for at least one full year or have an older sibling who has graduated from St. Aloysius Catholic School.

2. Parish families. Siblings of first time enrollments in grades 2-8 desiring enrollment into kindergarten or first grade will be subject to guidelines outlined in A-2.

3. St. Aloysius Preschool families Families who have been enrolled in St. Aloysius preschool regardless of current parish affiliation will be given next priority. This was approved by the School Board in 2015.

4. Families who are registered parishioners at Epiphany Parish, St. Martin Church, Immaculate Conception or St. Joseph Church will be accepted before other non-members of St. Aloysius or non-Catholics. They will also be able to pay the parish family tuition rate without changing parishes. This decision was voted on by the School Board and Parish Council in 2010. Once their children have attended for one full school year, they will follow the same re-enrollment guidelines as St. Aloysius parishioners.

5. Families moving into the area, who become registered parish families and whose children were enrolled in another Catholic school. Equal priority is granted where children were not registered in Catholic schools because Catholic schools were not available in the former location, but children participated in the religious education program of the parish.

6. In the event that there are more applications than positions available, date of parish membership will be considered, if other factors such as active participation are equal.

7. Non-Parish families (at the discretion of the principal, pastor, and admission committee and after an interview with the family) may be accepted if space permits. Siblings of non-parish students are not to assume priority if parishioners desire admission. In such cases, the date of parish registration and involvement in the parish determines the order of admissions. Faculty members of St. Aloysius School will be considered as parish families for tuition purposes regardless of their registered home parish.

10. Re-enrollment

Once admitted to St. Aloysius Catholic School students of registered parish families as defined above maintain first priority for annual re-enrollment if weekly financial commitment and tuition requirements are sustained. The following guidelines will also pertain to siblings of re-enrolling students.

1. Preference will be given to families whose oldest child began their education in kindergarten at St. Aloysius Catholic School and have been consistently enrolled.

2. Families whose children began their education at St. Aloysius Catholic School after kindergarten are not guaranteed younger siblings entrance until the older sibling has been enrolled at least one full school year.

11. Admission Committee and Exceptions/Appeals Resolution

The pastor, principal, two parishioners without children at St. Aloysius Catholic School appointed by the pastor, and the parish business manager, as consultant for necessary record verification, will constitute the initial Admission Committee. The Admission Committee has the responsibility to resolve any and all admission exceptions and appeals. Please note that attempts will be made to accommodate families who leave the parish/school for a temporary purpose due

to short-term employment/military obligations with intentions of returning to St. Aloysius based on previous status as active parishioners

12. Academic/Behavior Requirements

It is a requirement for parents to fully disclose all health needs, learning and behavior assessments concerning their child. The school will decide if its program will best meet an individual's learning needs. The school is equipped to serve students with mild or no physical or learning disabilities. St. Aloysius Catholic School cannot serve behavior disabilities. Subsequent findings of learning assessments or other psycho educational evaluations after admittance may result in the family forfeiting their enrollment at any time during the school year.

13. Parent Cooperation

It is essential that home and school work together. As partners in the education process, St. Aloysius expects parents and guardians to cooperate in ensuring their children are prepared to learn and in actively supporting the school and its mission.

Specifically, parents and guardians are to ensure that their child/children:

- Arrive at school well rested.
- Arrive at school on time.
- Dress according to the school dress code.
- Complete class assignments.
- Have money in their lunch account or bring a sack lunch.
- Are picked up from school on time at the end of the day.

Parents/guardians are further expected to do the following:

- Treat teachers, staff, administrators and other parents with respect and courtesy. This includes meeting with teachers at appropriate times for conferences—morning drop off, recess and carpool times are not times for conferences. Unannounced visits are not supported by the administration and parents may be asked to leave if the teacher is not available due to classroom responsibilities.
- Support and cooperate with the discipline policy of the school. If a detention or a referral is assigned to a student, parents are expected to sign and return the form without lengthy explanation or rebuttal. If follow up meetings or phone calls for clarification are necessary, they will be made in a timely fashion upon request. The detention as assigned will stand regardless of parent signature.
- Meet all financial obligations to the school.
- Notify the school office in writing of any changes of address or phone numbers. Inform the school of any special situations regarding the student's health, safety, and general well being.
- Promptly provide the school with any requested information.

- Provide written notification to the school when the student has been absent.
- Read school newsletters/website and show interest in the school and the child's overall education.
- To the extent possible, support school fundraising activities and capital campaigns to meet the essential building or other needs of the school

Parents who are unwilling to follow the procedures and policies of the school may forfeit their child's privilege to attend St. Aloysius Catholic School.

14. Registration Packet

Once appropriate capacity is determined, we ask that all families seeking enrollment to complete our registration packet. This packet can be obtained online or from the school office and will include requests for the following information:

1. Birth certificate
2. Baptismal certificate
3. Completed St. Aloysius and Archdiocese of Louisville application forms
4. School transcripts from the previous 3 years of education experience
5. Two letters of recommendation from previous educators/pastors
6. Individual standardized testing results.
7. Records of any psychological evaluations or academic screening tests previously completed either within a public school system or by a private consulting firm
8. Full disclosure of identified or diagnosed disabilities including academic, emotional or physical disorders
9. Following a review of the above submitted information, a grade level appropriate screening process will be set up with the resource teacher to complete the application process. Further meetings will be made as necessary to discuss results.

The information provided will enable the administration to determine if our existing environment and resources will successfully meet the needs of each student. All new students are on a one year probationary period. Some students, at the discretion of the principal, may also be put on stricter, shorter periods of probation. At the end of the probationary period a committee, composed of the principal and counselor and resource teacher, will make a recommendation for continued enrollment. The principal has final authority in all admission and continued enrollment issues. All required documentation must be provided prior to active enrollment of the student in a St. Aloysius classroom. Failure to provide full disclosure of the requested information can be grounds for denial of enrollment or termination of admission if found after the student has been enrolled.

As stated above, each student meeting the initial requirements for enrollment at St. Aloysius will be accepted on a probationary basis not to exceed one year. All new students and those accepted

for re-enrollment at St. Aloysius Catholic School after having left the facility will be accepted for a probationary period not to exceed one year. Academic performance and behavior will be used as determining factors in the satisfactory completion of the probationary period. The school reserves the right to dismiss students if it is unable to meet the academic or behavior needs of the individual or if the individual is not passing courses in line with retention guidelines as found in this handbook.

15. Admissions of Students With Special Needs

St. Aloysius Catholic School follows the Archdiocese of Louisville's model of inclusion for children with mild disabilities. St. Aloysius strives to ensure that each student admitted has every opportunity to achieve academic success. Our faculty and staff are fully committed to creating an environment that utilizes differentiated instructional approaches to attempt to reach every child in the classroom in a method or model that will enable them to succeed. We believe that children with mild disabilities can be successful within the regular classroom setting when reasonable, strategic teaching methods are utilized and appropriate, reasonable accommodations are implemented. However, it is not up to the teachers alone to help make students successful. Parents play an important role in the progress of a student with special needs. It is imperative that parents work together with teachers. Unlike the public school system, private schools do not receive state or federal monies to fund special education programs. Therefore, we do not accept, or write IEP's (Individual Education Plans) as public schools are mandated to do. However, our schools are guided by an Archdiocesan Special Education Protocol, which includes RTI (Response to Intervention), strategy plans (SSP) and accommodation plans (SAP) to address the special learning styles and needs of students. See the "Special Education Protocol" section of this handbook for information on the implementation and monitoring of special learning plans.

Our first consideration at St. Aloysius for acceptance of new students is our capacity to adequately serve them based upon physical space and resource limitations. Applicants may be denied enrollment if their class already has a large number of learning challenged students and/or if resources are already stretched to capacity.

Discipline

16. Eagle Acronym

I AM AN EAGLE!

Our students strive to exhibit the qualities of an **EAGLE**:

E - I am **EAGER** to learn.

A - I **ACCEPT** responsibility for my **ACTIONS**.

G - I **GIVE** to others using my **GIFTS** and talents.

L - I **LEAD** by God's example and share his **LOVE** with others.

E - I **ENCOURAGE** kindness and respect.

I am EAGER to learn.

- Know that all people can grow and learn.
- Strive to be well rested and maintain proper nutrition to be physically ready for school.
- Wear the school uniform according to the dress code.
- Be attentive and follow instructions given by the faculty and staff.
- Complete and turn in class assignments on time.

I ACCEPT responsibility for my ACTIONS.

- Exhibit self-control, self-reliance, and be responsible for one's self and one's actions.
- Having what they need for class.
- Accept consequences for their behaviors.

I GIVE to others using my GIFTS and talents.

- Build and grow the gifts God has given you.
- Give to those in need.
- Do good and serve God and others.

I LEAD by God's example and share his LOVE with others.

- Learn God's teachings and commandments.
- Follow the teachings of the Catholic Church.
- Show love and kindness to others.

I ENCOURAGE kindness and respect.

- Treat everyone with respect and courtesy.
- Always be honest and forthcoming.
- Honor the dignity and worth of others.

17. Student Code of Conduct

The St. Aloysius School Community strives to provide an environment that is safe and pleasant for all. When parents select St. Aloysius Catholic School, they agree to the basic philosophy of the school, its rules and procedures, and the Catholic values, which are at the core of the school. They agree to work with the school faculty and staff to help each child to strive to exhibit the qualities of an EAGLE.

Each teacher at St. Aloysius Catholic School establishes rules in his/her classroom, which will be explained to the students during the first week of school. Teachers may employ a variety of means for correcting a lack of student self-discipline. Parental contact, loss of privileges, re-grouping, or referrals/detentions may be utilized as necessary.

The handbook agreement found at the end of this booklet includes an agreement with the Code of Conduct. It should be signed by parents and students and turned into the school office before the first day of school.

18. School Rules & Discipline Notices

School rules are a matter of respect, consideration and safety. Conduct which violates the rules of common sense and safety is not acceptable, even though it may not be specifically stated in the handbook. School rules are to be followed in all locations on or off campus when students are part of or representing St. Aloysius School. This includes, but not limited to, field trips, events or activities taking place at any time on or off St. Aloysius property. Students freely choose one form of behavior over another and are to learn to accept the consequences of that chosen behavior.

St. Aloysius uses discipline notices in intermediate (grades 4-5) and middle school (grades 6-8). They are only used in the elementary school in limited circumstances. **Uniform Infraction Forms, Disciplinary Referrals, and Detention Notices are the three types of discipline notices used.** Uniform infractions are given for not following the uniform policy. Please see the Uniform Policy for more information. Three uniform infractions results in a referral. Referrals are also given for minor misbehaviors. See examples below. Three referrals results in a detention. Detentions are given for major misbehaviors. See examples below. All discipline notices are sent home to parents. Parents are to sign and return to the school the following day. **At the beginning of a new trimester, disciplinary notices will “reset” for intermediate students (grades 4-5). Disciplinary notices DO NOT reset for middle school students (grades 6-8). A more specific explanation of intermediate expectations can be found in section 138.**

19. Disciplinary Referrals

In addition to the implementation of classroom management plans, disobedience or repeated minor misbehaviors will result in a disciplinary referral. Some examples of behavior, but not limited to, for which referrals will be issued are:

- Disrespectful, disruptive or inappropriate behavior, which includes educational disruptions linked to social media.
- Unauthorized gum chewing or eating in class
- Receiving three (3) uniform infractions
- Unprepared for class
- Unauthorized use of technology

20. Detention Notices

More serious misbehaviors will result in students receiving a Detention Notice. Students who receive a detention will serve a morning or after school detention as arranged by the Assistant Principal or Principal. Other disciplinary actions, appropriate to the infractions, may also result as a consequence of the student's misbehavior. Some examples of misbehaviors for which a detention might be issued are, but not limited to, are:

- Abuse of technology
- A known bullying offense/Harassment
- Cheating (also, an automatic zero)
- Lack of respect for school and/or individual property
- Disregard for adult authority
- Disrespect of others
- Fighting/Inappropriate Contact (pushing, shoving, kicking, slapping, excessive horseplay)
- Forgery/falsifying any signature
- Major disruptions, which includes educational disruptions linked to social media
- Obscene language, gestures, notes, etc.
- Inappropriate physical contact (pushing, shoving, kicking, slapping, excessive horseplay)
- Receiving three (3) Disciplinary Referrals

21. Disciplinary Due Process

In any case of questionable student conduct, the following protocol will be followed by students, parents and school personnel.

1. Students should try to work out disagreements with each other before bringing the issue to a teacher. Every effort will be made to handle student issues privately and respectfully.
2. When possible/appropriate, the student will have the option of describing the problem in writing and have the written statement signed by parents. This written notice should be returned

the day following the incident. Consequences such as forfeiting recess time or receiving a referral may still occur depending on the action in question.

3. Teachers always reserve the right to call or email parents to discuss student behavior. Parents should be well-informed of student behavior via the student's planner, written correspondence, phone conversations, emails and/or conferences.

4. **Parents that have concerns regarding a discipline issue or classroom procedure must first speak directly with the faculty member involved. Only after this avenue is exhausted should the administration be consulted.** Teaching assistants are not considered faculty members. Concerns should be addressed with the classroom teacher.

5. If the parent is still not satisfied, the principal will meet with the teacher, student(s) and parents involved.

6. Final decisions remain with the school administration. Archdiocesan grievance procedures are included in this handbook.

7. Students will be notified by the teacher, counselor, or principal that he/she has been assigned detention.

8. Failure to report on the designated day will result in the student serving an additional detention.

22. Suspension and Expulsion

If a student accumulates three detentions, the student will be given a suspension, either in school or out-of-school at the discretion of the principal. If suspended, a student will earn zero points for classwork as he/she would not be present. Tests or quizzes may be made up for partial credit at the discretion of the principal.

A visual St. Aloysius Discipline Checklist that explains the referral, detention, and suspension breakdown can be found in Addendum 140.

23. Immediate Action Behaviors

Very serious misbehaviors will result in an automatic suspension or expulsion. The following offenses, but not limited to, will receive immediate action by the principal:

- Bringing to school or possessing dangerous objects, such as guns, knives, lighters, fireworks, etc.
- Possessing, using or distributing illegal drugs, alcohol or tobacco products, including e-cigs/vaping paraphernalia.
- Leaving school grounds during the day without permission.
- Threats of physical harm, fighting or other physically harmful actions.
- Verbal or written threats or threatening behavior
- Theft
- Behavior that results in the injury of others

- Destruction or vandalism
- Major disturbance, which includes educational disruption linked to social media
- Truancy

24. Search and Seizure Protocol

School authorities will retain the right to search student possessions brought into school or on school property. School officials will first ask the student for the item in question. If the student refuses, the student can be asked to empty pockets, book bags, purses, etc. Lockers, desks, etc. are under the ownership of the school and can be searched at any time. If there is cause to believe that a student has a dangerous item on his/her person, and the student still refuses to hand it over, and school leadership believes that persons are in danger, the child will be detained by school leadership. School authorities will expect cooperation of a student in any search procedure; failure of a student to cooperate will be considered a serious breach of discipline.

USE OF REASONABLE PHYSICAL FORCE BY STAFF 60 Use of reasonable physical force by school personnel may, under KRS 161.180, be implemented to restrain a student whenever immediate action is essential for self-defense, preservation of order, or protection of other persons or property.

25. Dismissal from School

Dismissal from St. Aloysius is a possible result of repeated detentions and/or suspensions. If a child earns repeated suspensions, a meeting will be called to determine his/her continued enrollment at St. Aloysius. Parents would meet with the principal and pastor to determine if the student and his/her family share the goals and philosophy of St. Aloysius Catholic School. This process can be accelerated based on the severity of the action meriting suspension.

26. Grounds for Immediate Dismissal

St. Aloysius Catholic School follows all Archdiocesan student behavior, safety, and discipline policies. During the suspension/expulsion process, an administrative referral for private counseling or expulsion from school may be recommended or required. Depending upon the severity of the actions, a student may be dismissed from school at the discretion of the principal.

27. Archdiocesan Grievance Procedures

Personnel involved in a complaint situation shall attempt to find the simplest, most effective way to resolve differences by dialoging at the level closest to the disputed question. If either party chooses to appeal a discussion to the next level, such appeal shall be made within two weeks. All persons shall agree to full disclosure of all pertinent information. Confidentiality shall be

maintained at all levels. Please see the Archdiocesan Catholic Schools Grievance Policy for more information.

Harassment/Bullying

The schools of the Archdiocese of Louisville do not condone any form of harassment. All individuals are to be treated with dignity and respect. Harassment in any form is prohibited. The prohibition against acts of harassment applies to all individuals involved in the school.

28. Sexual Harassment

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly, (2) submission to or rejection of such conduct by an individual is used as the basis of decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonable interference with an individual's work performance or of creating an intimidating, hostile, or offensive learning environment.

29. Verbal Harassment

Verbal harassment includes derogatory comments, jokes, or slurs. This can include belligerent or threatening words spoken to another individual.

30. Physical Harassment

Physical harassment includes unwanted physical touching, contact, assault, deliberate impeding or blocking movements, or any intimidating interference with normal work or movement.

31. Visual Harassment

Visual harassment includes derogatory, demeaning, or inflammatory posters, cartoons, written words, drawings, notes, novelties, or gestures.

32. Bullying

Bullying behavior is the repeated intimidation of others by the real or threatened infliction of physical, verbal, written, electronically transmitted, or emotional abuse, or through attacks on the property of another. It may include, but not be limited to actions such as verbal taunts, name-calling and put-downs, including ethnically based or gender based verbal put downs. A

bully is an individual who tends to torment others, either through verbal harassment or physical assaults, or through more subtle methods of coercion. Bullying is unacceptable and will not be tolerated.

At times, developmentally typical interactions between students could be perceived as bullying. In these instances, the advice of the counselor and principal will be consulted. Consequences for bullying behavior will be in line with the developmental stage of the child in question therefore rules may be enforced differently than explained in this K-8 handbook at the principal's discretion. Parents will still be informed of such situations in an effort to be proactive and encourage appropriate interactions among all students.

The following steps will be taken if harassment or bullying occurs:

1st Offense: Verbal warning and parent notification

2nd Offense: Written notification/referral and conference

3rd Offense: Detention and conference to alert the possibility of suspension

4th Offense: Suspension from school and conference including pastor

5th Offense: Indefinite suspension from St. Aloysius, possible dismissal

- Depending on the severity of the offense, steps 1 - 3 may be bypassed. Every effort will be made to determine a student's level of involvement in any harassment or bullying situation. There may be times, however, when a group punishment is warranted. Counseling sessions may also be required at any point in the process.

33. Threatening Behavior

Threatening behavior is defined as intentional statements, gestures, communications or actions meant to cause harm to person(s) or property. In investigating behavior alleged to be threatening, school officials may conduct a threat assessment that considers the circumstances surrounding the behavior, the nature of the statements, gestures, communications or actions, the developmental state of the student involved and any other relevant information. The school may also complete a threat assessment matrix which could assist in determining the level of any threat.

Any behavior deemed threatening by school officials is inappropriate and may result in immediate suspension and may result in dismissal from school. Behaviors deemed threatening by school officials are to be addressed in the following manner:

1. Student exhibiting threatening behavior is removed from the situation and placed under the direct supervision of appropriate school personnel.
2. Student's parent/guardian is notified.
3. Student is suspended from school and may not attend any school activity or be present on

school grounds.

4. School officials apprise the pastor and Superintendent of Schools.
5. Should the threat concern death or serious physical injury to any student, teacher, volunteer, employee, or any other person reasonably expected to be on school property, or concern the use of a weapon of mass destruction on school property, the local authorities will be contacted. The threat assessment matrix may be shared with local authorities. The individual(s) who have been threatened, as well as applicable parents/guardians, are to be notified as soon as possible.
6. Parent/guardian of students are required to seek and secure a mental health assessment conducted by an appropriately credentialed professional.
7. Parent/guardian and/or school officials may consult with the Family Counseling Office for assistance in determining an adequate mental health assessment.
8. Mental health assessment results and recommendations are shared with the principal who makes a final decision as to whether the student shall be allowed to return to school. In making the final decision, the principal considers not only the results of the mental health assessment but also any history of inappropriate behavior, the circumstances surrounding the threatening behavior, the nature of the threat, the developmental stage of the student, and other relevant information. Additionally, should the student be allowed to return to school, the decision may include conditions for reinstatement and follow up.
9. Please refer to School-Centered Emergency Management Guide, Response Section “Threat of Harm” for additional information.

34. False Threats

Any student falsely reporting threatening behavior is subject to disciplinary action which may include suspension and/or dismissal from school as well as the reporting of the false threat to the local authorities.

35. Consultation

The Superintendent and Director of Family Counseling, are available to consult with schools dealing with threatening behavior.

36. Cyberbullying

Cyberbullying is defined as the use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature. Cyberbullying enacts the school’s bullying policy. St. Aloysius School students or faculty should not be photographed or filmed without express permission from the principal. No photos, videos, etc. should be uploaded to social networking sites. Students utilizing social media to post photos or content of a derogatory nature of other students, teachers, or administrators will be treated as cyberbullying. School

administration reserves the right to address student also address behaviors occurring outside of school that may damage the school or a faculty member's reputation. Violation of this rule will enact the school bullying policy and can result in loss of privileges, detention, probation, suspension and/or dismissal depending on the severity of the event. Archdiocesan support may be consulted in areas of cyber-bullying. The final decision on discipline in this area will be with the principal and superintendent of schools for the Archdiocese. Furthermore, the privilege of using school computers can be taken away at any time as a consequence of misuse.

Curriculum/Instructional Policies

37. Curriculum

Curriculum can be defined as the total educational environment of a school. The curriculum in the Catholic schools, guided by the light of divine revelation and Church teaching, assists each student in the discovery of and development of his/her own full human potential as a Catholic Christian. In this environment, interpersonal relations, formal and informal instructions, and educational technology should combine to enable the student to manifest attitudes, knowledge, skills, and behavior in the service of the Lord, the Church and his/her brothers and sisters in today's world.

The curriculum for St. Aloysius is designed according to directions and programs set up by the Office of Lifelong Formation and Education (OLFE) for the Archdiocese of Louisville. The textbooks, selected by the faculty, are chosen from the texts approved by OLFE and the state of Kentucky. A copy of the Archdiocesan Curriculum Framework is available online at www.archlou.org and serves as guidelines for instruction.

38. Curriculum Philosophy

With regard to student learning, curriculum:

- is student centered and holistic
- is based upon the belief that all children possess the desire to learn and can learn at high levels given the appropriate conditions
- engages the student in resourceful problem solving which demonstrates basic skills
- is based upon the belief that the parent is the primary educator
- is based in gospel values and ensures the development of the whole child
- is designed to educate all students to develop a lifelong love for learning and to become responsible, self-sufficient members of church and society
- should be designed at the school level within the parameters of the Archdiocesan curriculum framework and should reflect content standards which are based on effective research
- offers a variety of strategies for instructional delivery, the effective use of learner time, and assessment based upon the developmental needs of the learner
- is continually assessed for effectiveness by internal reflection, dialogue and long-term studies, and is modified as needed.

39. Assessment Philosophy

Assessment is a comprehensive, multifaceted analysis of an individual's progress against clearly defined learning standards. A holistic assessment system, based upon the developmental needs of the learner, offers a variety of assessments including, but not limited to the following tools;

- **Formative Assessments:** These are ongoing assessments that check day to day knowledge and could include items such as daily work, homework, classroom guided practice, group work, practice worksheets, anecdotal records, checklists, journals, etc.
- **Summative Assessments:** These are the determining factors for mastery of a concept and could include chapter quizzes, unit tests, larger projects, achievement tests, math inventories, etc.

As part of differentiated instruction students in the same class may have different assessments or different requirements. There may also be an overlap of assessments that could be categorized as formative or summative depending on the individual teacher's needs/directions. Teachers will strive to reach and challenge each student at his or her specific level of learning. This does not require teachers to create individualized learning plans for each student. Students will be given tasks appropriate to their needs that still challenge them to expand their academic knowledge.

40. Grading Policies

All teachers make every effort to keep students up to date on assignments and rubrics for grading. Many of these guidelines and rubrics can be found on Google Classroom pages for particular classes/students. Teachers make every effort to be fair and impartial when grading. Correct spelling and neatness will be taken into consideration for all homework assignments regardless of the subject area. **If there are concerns about a grade a student has earned, the first step is for the parent and teacher to discuss the situation. Further issues can then be discussed with the principal as appropriate.**

Based on best practices in the field of education, St. Aloysius School is moving toward a weighted approach with regard to assessment. Homework is seen as a vehicle for practice and will not be weighted heavily in the overall grade in a particular subject. Emphasis will be given to work completed in school and summative assessments. In general, homework will count for approximately 30% and other assessments will count for approximately 70% of an overall grade. This percentage can be altered by an individual teacher with the approval of the administration for certain subject areas or levels. Homework will still be assigned with the goal of reinforcing skills and records will be kept by teachers to document completion as part of formative assessment.

The following grading scale is implemented by St. Aloysius under the directives of the Archdiocese of Louisville Catholic Elementary Schools.

Kindergarten through Grade 2

- **E** Exceeds expectations
- **P** Progressing at grade level
- **H** Progressing with help

- N Needs improvement
- U Unsatisfactory / Failing work
- / Skills or concepts have not yet been addressed

Grades 3-8

- A 100% - 93% Above Average Work
- B 92% - 84% Good Work
- C 83% - 75% Average Work
- D 74% - 70% Below Average Work
- U 69% - 0% Unsatisfactory/Failing Work

41. Honor Roll/Principal's List

St. Aloysius has two types of honor roll for students in grades 3-8. GPA will be computed via Sycamore and take all classes, including special areas, into consideration. Students with a 4.0 / all A average will qualify for the Principal's List. Students with a GPA of 3.5 / As and Bs will qualify for the Honor Roll. Student GPAs will be automatically rounded to the nearest tenth and there will be no weighting of classes. Students that earn a grade of C or below will not be eligible for any Honor Roll. Students with accommodations/modifications will be eligible for inclusion on the Honor Roll per the above guidelines.

42. Homework Policy

Homework is assigned to help individual students practice material that has been introduced during the school day. It is given for strengthening and reinforcing skills. Homework is intended to help develop independent thinking and perseverance. Assignments are designed to meet the academic and developmental needs of the students, therefore, different children in the same class may receive different homework assignments based on his/her individual needs. There may also be times when no homework is given because the teacher feels adequate practice and mastery were attained in the classroom. When there is homework, it is essential that parents refrain from doing the assignment or class project for the child. When parents do their child's homework for them, the child is denied the opportunity to show proof that classroom instruction has been mastered. In addition, the parent is sending the child an underlying message that the child is not capable of completing the assignment.

Time spent on nightly homework should generally not exceed the time frame suggested below, assuming a child has not procrastinated and is truly focused on work:

- Grades 1-2 20-30 minutes
- Grades 3-4 30-50 minutes
- Grades 5-6 50-70 minutes
- Grades 7-8 70-90 minutes

Students are encouraged to use a planner for recording daily homework, long term projects, and scheduled exams and quizzes. These planners will be provided for grades 2-8. Research has proven that the regular use of planner/calendar is effective in increasing student achievement. Parents that check and sign these books on a regular basis will find that school and homework will run more smoothly. Teachers use this planner as a means of communication and documentation. Students must have it with them and actively use it in every class. Penalties can be incurred if a student is missing his/her planner or not using it as directed.

Students are given time and are expected to write assignments in their planners. Homeroom teachers will also try to place homework on Sycamore and/ or Google Classroom each day by 3:30 p.m. Parents are encouraged to check on assignments using the student planner. Google Classroom, planners, and student interaction are the primary source for keeping track of homework assignments.

43. Quality of Work

In accordance with St. Aloysius' philosophy and goals to promote growth in excellence and develop self-respect for others, only high-quality written work will be accepted. All work with the exception of math should be in blue or black ink for students in grades 4-8. Neatness and correct spelling will be taken into consideration for all subject areas. It is important that parents assist the teacher in setting high standards.

44. Cheating

At no time is cheating acceptable at St. Aloysius. Cheating, in short, is using someone else's work and representing it as your own. Examples include but are not limited to copying someone's written work/test/homework, plagiarizing, solicited or unsolicited sharing of answers, changing the name on a paper to represent it as your own when it is not, etc. Consequences will be given to those who willingly give someone else his/her work as well as the person using the information as his/her own. Because situations will vary, the classroom teacher will determine the severity of the consequence in consultation with the administration. Consequences may include receiving a zero on the assignment/test, a reduction in credit, loss of privileges and/or detentions. Teachers are not required to give alternative assignments or assessments due to cheating. Repeated issues with cheating will result in detentions and parent conferences will be called.

45. Late Work

It is ultimately the responsibility of each student to get his/her work submitted. If a student fails to turn in an assignment, teachers will try to give notification in a timely manner when possible.

Parents are strongly encouraged to use Google Classroom, Sycamore and/or the student's planner to make sure work is turned in on time. This could be in the form of a message written in the student planner, an email, or a referral for missing work depending on the circumstance. Teachers reserve the right to revoke privileges such as recess or field trips in order to have missing assignments completed. If late work is accepted, it will earn a lower grade. Teachers can refuse to accept late work or limit the number of days late work will be accepted based on the policy of the grade level as outlined at the beginning of the year. Students must turn in work via Google Classroom in a timely manner if this format is being used. Teachers are not required to hunt down work or give an excessive number of reminders. When this homework policy is not effective, an alternative system may be devised after consultation with the parents. Students who have absences due to illness will still be allowed to submit work once back in school.

46. Conferences

Sycamore, our school data management system, offers parents continual access to student grades so a printed midterm report will not be sent home. Parents will be reminded of the dates of the midpoint of each trimester and are expected to monitor grades as necessary for the success of their children. At the midpoint of the second and third trimesters, the principal may decide to email a general alert to particular parents regarding unsatisfactory student progress. Parents then have the choice of meeting with teachers prior to conferences if needed.

Scheduled parent-teacher-student conferences are held twice a year. Grades K-3 will have individual conferences with each student/family. Conferences for students in grades 4-8 will be scheduled by the parent or teacher via Sycamore. These conferences are scheduled for a maximum of 15 minutes to ensure that everyone can be seen. Often, a group conference with multiple teachers will be arranged to use time most efficiently. If a group conference is needed, a teacher will email the appropriate parent with a list of the teachers who are requesting the conference. The parent should then make sure to schedule a joint time with **all** teachers. If a longer conference is necessary, other arrangements can be made. The purpose of these child centered conferences is to discuss with the student his/her progress and goals. Students are required to attend these conferences but may be asked to leave the room at any point during the discussion.

Early conferences will not be scheduled to accommodate vacation plans. If families are not available during scheduled conferences, they may meet with teachers at the teacher's convenience **after** conference days. In addition to regularly scheduled PTS conferences, the school staff, a student or parent may request additional conferences as needed. In order to provide the optimum conference setting, appointments must be made in advance via email or phone. Parents should not discuss student progress with a teacher on the spur of the moment before classes start, in the hall, at recess, etc. Classroom teaching assistants are vital to our success, but it is not appropriate for parents to discuss classroom performance or concerns with

them. Teachers are the best and most appropriate source for information in this area. Having a formal meeting with the teacher ensures the optimum conference. Suggestions for student growth, along with support plans will be documented. Printed report cards are given three times a year.

47. Enrichment

St. Aloysius emphasizes gifted behavior, which is found in everyone at certain times, rather than simply labeling some students as “gifted.” We continually search for ways to meet the needs of all our students through differentiated instruction, tiered programs, and special accommodations. Our goal is to help all students reach their full potential.

48. Promotion and Retention

Students completing grade level work satisfactorily will be promoted to the next grade. Students who earn 69% or below in two or more of the core subjects (math, social studies, reading, English, science) will not be promoted and will be required to attend summer school in order to return in the next grade the following school year. Students who fail one area can still be promoted but are also required to complete tutoring over the summer. Failure to attend an accredited summer school program will result in retention. Documentation of this work must be received by registration in August.

If a student’s performance is indicating a need for summer school/tutoring a special meeting will be called with parents. The possibility of retention will be discussed with parents at the second trimester conferences or as soon as the student’s performance warrants serious consideration. During this conference, parents will be asked to sign a written notice of the retention/tutoring discussion. Parents and teachers will stay in close contact as the year progresses. Final notification along with specific curriculum requirements for summer school will be mailed with final report cards. Eighth grade students may be required to provide documentation of summer schoolwork for enrollment into high school. These conditions apply to all students, including those with documented learning differences or other specialized plans.

Preschool, kindergarten and first grade teachers will determine retention when warranted in consultation with parents. The final decision regarding retention is held by the principal. If parents choose for students to continue on to the next grade level over the principal’s recommendation both the report card and permanent records will note placement at parent’s request and the student in question will need to seek enrollment in another school. Confidentiality will be maintained, and student placement will be handled on a case by case basis.

Students failing two or more of the five core subject areas will not be promoted to the next grade.

When retention is a possibility, communication with parents will begin as early as the January progress reports or as soon as the student's performance warrants it. The teachers will document all conferences, phone calls, and other communication regarding possible retention. This will be kept in the student's file. An alternative school placement or transfer may occur if interventions toward satisfactory performance have proven unsuccessful at St. Aloysius.

49. Summer School and Tutoring

Some students may require additional assistance in the summer to be ready for the next grade. In cases where summer school or summer tutoring by an approved tutor is required, documentation of this work must be brought to registration in August and turned in to the school office. Parents of outgoing eighth grade students may be required to provide documentation of summer schoolwork for enrollment into high school.

50. Graduation

A ceremony recognizing successful completion of the St. Aloysius eighth grade curriculum traditionally takes place during a special evening liturgy. All graduates will wear traditional graduation gowns. A reception is held in the gym after the liturgy. All accounts must be reconciled before student records are forwarded to the appropriate high school. Any student who does not meet all the academic requirements for graduation will receive a "Certificate of Participation" during the graduation ceremony. The graduate will receive his/her diploma when those requirements are fulfilled.

51. Snow Day Distance Learning

In anticipation of bad winter weather, St. Aloysius faculty and administration have developed a plan to continue work on snow days via distance learning assignments. The following guidelines have been discussed and modified through various stakeholder meetings. Please address questions or concerns regarding the following guidelines to Paula Smith at psmith@staloyusiuspwv.org. These guidelines will be posted and reviewed each fall.

Distance Learning Guidelines for WEATHER related conditions:

1. Distance learning assignments will begin on the **second** snow day. Snow day #1 will be a day off school with no additional assignments posted. Distance learning has no effect on delayed start days. Delayed starts are counted as regular school days. Distance learning days will also count as regular school days.
2. There must still be a method of attendance for the distance learning days. Each student or parents must make contact with the homeroom teacher to acknowledge that they have seen the assignments and worked on them diligently as if they were in a school environment. If your student is sick, please tell us and uphold the honesty of the system.

If contact is not received by the homeroom teacher, your child(ren) may be marked absent.

3. Teachers will post assignments in Google Classroom by 10:00 am of the distance learning day. There will NOT be a master list on the school website. All assignments can be found in each child's Google Classroom. Teachers will also be available from 10:00am – 3:00pm via email to answer any questions or give additional guidance. Emails received after 3:00 pm may not be answered until the following day. Teachers have 24 hours in which to respond to email. All teacher emails are found on the school website, in Sycamore, and in the front of the school directory.
4. Work will be due based on deadlines given by each teacher. After these deadlines, assignments will be considered late and have grades lowered just as any other work. We are maintaining the rigor of the classroom and expect work to be done by students for a grade just as if they had been at school.
5. Students will have assignments for all classes they would have attended had they been in school. This includes special areas and Spanish.
6. Teachers are aware of several mitigating factors such as multiple children in a household trying to get online, grandparents or older siblings being in charge, potential power outages, etc. We will work on assignments with all this in mind and try to provide a variety of authentic, practical pieces. If you have a unique issue, please make sure to tell the teacher(s) it affects so we can work with you to solve the problem.

52. Special Education Protocol

For those students enrolled in the Archdiocese of Louisville schools that are experiencing learning difficulties, a specialized plan (Student Strategy Plan) may be drafted as part of an RTI (Response to Intervention) program. This plan identifies specific goals and strategies that are directly related to the students' strengths and needs and documents a child's progress. Classroom teachers, resource teachers, the school counselor, and the principal will work together to develop a plan in conjunction with parents. Teachers keep ongoing documentation of the strategies they are utilizing as well as the results of those strategies, plans are evaluated/revised/dismissed after a designated period of time.

For those students with a diagnosed disability, Student Accommodation Plans may be written. The school will convene a meeting with a team whose members consist of school personnel, parents, and the student when appropriate. This team collaborates to identify the accommodations that can be provided to enable the student to become a more successful participant in the class setting. These accommodations may include special teaching strategies, modified curriculum, or adjustments in grading practices as appropriate. All members of the team are asked to sign an agreement stating the responsibilities and rights of all parties. Documentation is kept on student progress and reconvening dates are established to evaluate the plan. It is required that current formalized assessment information be provided to the school and updated every three years. Accommodations/Modifications will be noted on the student report

card.

Often, when seeking outside services, providers will ask for teachers to complete paperwork about a student's performance in the classroom. Teacher input is vital to the testing process and we will always work with families to provide this documentation.

When teacher forms are completed, they will be directly mailed/faxed back to the provider of record. Forms are not returned to parents to expedite the process and to uphold validity and confidentiality.

53. Standardized Testing and Accommodations

The nationally recognized assessment developed by the Northwest Evaluation Association (NWEA) called MAP, Measure of Academic Progress, is a computerized adaptive test which helps teachers, parents, and administrators improve learning for all students and make informed decisions to promote a child's academic growth. St. Aloysius will be administering the appropriate form of this assessment to all students, grades K-8 three times a year to monitor student academic growth.

Accommodations will be made on standardized testing for students with documented learning disabilities and will be implemented as determined by the assessment producer. To qualify for accommodations on standardized tests a student must have a diagnosed disability as determined by formalized psycho-educational testing dated within the last three years. In addition, the students' recognized disability and the appropriate testing accommodations must be documented on the student's accommodation plan for a minimum of 30 days prior to testing. If an accommodation is not part of the regular school experience for a student, it can not be given during testing time. Accommodations will be noted on the student's permanent record.

54. Resource Teacher

The resource teachers work collaboratively with classroom teachers to help all students be successful. The resource teachers, classroom teachers, counselor, and the principal work together to coordinate testing and develop/student strategy plans and student accommodation plans. Students may work with the resource teachers in a small group setting either within the regular classroom or they may be pulled out to another area depending on the activities that need to be accomplished. Students may also meet with a resource teacher to work on enrichment projects.

55. Speech

Students can receive a speech screening through a local speech therapy provider, The Chatterbox, during the school day. Parents will make arrangements with this organization, or

other provider, for ongoing services as needed. Payments will be made directly to the speech therapist. Other referrals for a speech evaluation may be warranted and can be made by either the teacher or parent.

56. Tiered Programs

St. Aloysius School utilizes a multi-level mathematics program in grades 4-8. A similar multi-level program is also used for reading classes in grades K-3. Based on the incoming student population, teachers and administrators may choose to structure the school day schedule to facilitate differentiation. The following criteria is used to place students in the appropriate classroom/level: percentile score on the most recent MAPS testing results, classroom performance, report card grade earned, teacher recommendations, and a teacher/student ratio that is conducive to a successful classroom experience. The same criterion will be used to place students in an appropriate math class each year. This grouping procedure provides greater opportunity to meet the specific learning needs of children. Parents will be given adequate notice if a child's placement changes or if a student is put on probation for a particular level.

57. Art

The art curriculum is intended to provide each student with a basis for creative thinking and expression. Involvement in the visual arts and crafts promotes awareness and appreciation. Art history and art appreciation are also included.

Each winter and spring students will have work on display as part of an art fair, usually held in conjunction with a musical performance. Other artwork will be displayed throughout the year. A student's artwork may also be submitted to various local contests. Parent permission will always be obtained before work is entered. For information on Art Club, please see the extracurricular activities section of this handbook.

58. Music

The music program is designed to develop an appreciation for this art form and to give opportunities for joy through musical expression. A wide variety of musical experiences are provided for skill acquisition, creativity, and amusement. The use of Orff instruments expands the students' musical experiences. Music appreciation is included in the program for all students.

59. Physical Education

Both organized and free play are recognized as valuable in the physical and social development of students. Opportunities are provided for these experiences. Both physical and mental health instruction (social-emotional learning) is a part of the regular curriculum in all grades.

60. Spanish

St. Aloysius provides Spanish instruction for all grades preK-8. Students in grades PreK-4 are provided Spanish as an enrichment program and therefore receive marks based on conduct and effort on report cards, generally P for progressing. Beginning in fifth grade, students take the course as part of the regular curriculum and will receive standard letter grades on report cards. At graduation, students may qualify for advanced placement in high school. Students will need to make arrangements with the appropriate high school with regard to placement tests.

Students in grades 5-7 that end the year with a U average in Spanish will not be able to continue in Spanish class. They will have a cultural studies class in lieu of the traditional Spanish class. Middle school students that are new to St. Aloysius or that have a specialized learning plan will have the option of taking the traditional Spanish class or a study hall. This should be discussed with the principal and Spanish teacher prior to starting school so that appropriate plans can be made.

61. Religion

All coursework can be viewed through the lens of our Catholic faith. This is the greatest opportunity of the Catholic School. It is not considered to be just one more subject but a guiding force throughout all curriculums. Tradition, Scripture, Worship, Prayer, Sacraments, and community service all constitute the religious education program of St. Aloysius School. The effective use of the religion textbook, Catholic Identity Handbook, and their testing programs, Bible study, liturgy planning and attendance, prayer services and the use of quality audiovisual materials are the principal components of our religion classes. While catechesis is more than a repetition of formulas, memorization has a special place in passing on the faith. Our faculty considers the sharing of personal faith another important facet of being catechists. In addition, students are encouraged to engage in service projects throughout the year, thereby witnessing that religion is a way of life.

Our program provides a balance with doctrine, Scripture and the liturgical year celebrations. These three themes are woven throughout the program into the everyday life and experiences of the students. This series conveys the richness of our Catholic faith and correlates to the Catechism of the Catholic Church. The religion curriculum is supplemented by three other programs as mandated by the Archdiocese of Louisville.

Speak Up Be Safe! is a research based, developmentally appropriate program that teaches children grades K-6 how to prevent or interrupt cycles of abuse. Parents will receive information on what is being taught and how they can further the discussion at home. Students in grades 4-6 use the Family Life curriculum from Benziger Publications and students in 7th and 8th grade use the book, "Theology of the Body for Middle School." Parent resources for these books are

available online. The purpose of these programs is the deepening of family life, respect for life, and awareness of sexuality through the lens of our Catholic faith. The overall religion curriculum is also enhanced with the CALMA program as described on p. 29.

62. Sacramental Preparation

Children preparing for sacraments must be baptized members of the Catholic Church and must provide the school with appropriate documentation. All children must be up to date on their sacraments, be working with the pastoral associate, or be enrolled in RCIA in order for the parish family rate of tuition to apply. Parental involvement is a required component of sacramental preparation. Parents are expected to attend all parent meetings and workshops, assist the child with assigned home study, and in the case of Confirmation, support the child in the performance of service hours. The child's regular attendance at Sunday mass is also an expectation that needs the support of parents. Non Catholic students will participate in the classroom study of the sacrament but will not be required to attend any of the out-of-school meetings or workshops. If a non-Catholic student wants to be involved in the celebration of the sacrament with his or her classmates, the parent of the child is to inform the homeroom teacher and he/she will try to involve the child in some way.

Reconciliation is received for the first time by students in second grade in the fall. First Holy Eucharist preparation extends throughout the year in second grade. Reception of the sacrament is held in the spring. Confirmation is administered every year for students in eighth grade. The date is set by the Archbishop and pastor and sent to parents as soon as it is known by the staff. Parents and parishioners are invited to participate in the preparation of students for this sacrament. Parents are the primary educators of their children. It is important that they closely follow their children's religion programs and discuss their material with them. The religious education program in the school builds on the foundation of knowledge, love, and service of God and each other that already exists in the home. It is especially important that parents share with the priests and teachers the responsibility of preparing the children for the reception of the sacraments. Meetings are scheduled in advance to aid parents in knowing just what is being taught in class. These meetings attempt to renew the faith and love of the sacraments for the adults and assist them in preparing the children.

63. Servers, Lectors, and Cantors

Servers and lectors fill a vital role in the celebration of the liturgy. Students may begin to serve in the fifth grade and are encouraged to remain servers throughout the rest of their school years and beyond if they desire. Parents are encouraged to remind their children of the beauty of fulfilling this role in the liturgy and to remind them of their appointed times which are issued on serving schedules throughout the year.

Grade school lectors are invited to read during the school liturgies. This is open to students who have the ability to proclaim the Word of God to the congregation in a fitting manner. Upon completion of eighth grade, confirmed students are invited to present their names to the coordinator of lectors, Eucharistic ministers, or ushers for inclusion in the weekend list of ministers. Typically, students are also eligible to serve as cantors for weekday liturgies. The school has vibrant choirs open to all students in third through eighth grades. Students may join the parish youth choir in eighth grade to facilitate this service to the church even after graduation

64. Calm And Loving Minds Achieve (CALMA)

This social-emotional learning program was adopted at St. Aloysius in the fall of 2019 for Preschool-8th grade. It is a mindfulness approach focused on meditation and virtue exploration for all ages. Specific components on breathing, scanning, listening, empathy and gratitude form the basis for instruction at each student's developmental level. The goal of this program is to help students increase self-control, focus, social skills, and overall happiness, creating calmer, more productive classrooms and students. Teachers and the school counselor collaborate to collect data each year to demonstrate the effectiveness and success of this program with our students.

65. Big Brothers/Big Sisters (Buddies)

Kindergarten students are paired with sixth grade students to assist them throughout the year and make them feel welcome. First grade students are paired with seventh grade students. Eighth grade will share the special bond of sacraments with second graders. These groups will do a variety of activities together throughout the year.

66. Library-Media Center

St. Aloysius has a well-developed and well-maintained library. The main purpose of the library is to support the school curriculum by providing materials and sources for research, as well as providing reading material for recreational reading. The library is traditionally open during school hours for class and individual research, referencing and reading.

When checking out specific items, books must be returned on or before their due date or the student will be fined five cents for each school day the item is late. Overdue notices are given to students each day. Students who have items overdue five days may have privileges revoked. After ten days, letters will be sent home to parents to either return the missing item or pay replacement costs. Students that have overdue items will not be allowed to check out additional items until fines have been reconciled.

Computers are available for research, computer projects, and other classroom uses. Students must have a teacher's note or pass to use the library. A variety of reading related activities such as Book Bee, Fun with Books, and Scholastic Book Fairs are sponsored by the school library. To assist with any of these programs, please contact the school librarian.

67. Language Arts

The language arts program aims to develop the basic competencies of communication. These skills are integrated into the teaching of grammar, spelling, reading/literature, writing, vocabulary, listening, and handwriting. These are taught as a total language arts program in grades K-8. St. Aloysius utilizes a multi-leveled reading program in grades K-3. Students may or may not change classrooms from year to year or special groupings, but differentiation will always occur to meet the needs of individual students. Student reading levels are documented via MAPS test scores, classroom performance, and teacher observation. Classroom assistants and the resource teacher may be used to facilitate centers, reading groups, data collection, remediation and/or enrichment.

68. Reading Selections

St. Aloysius understands that reading is critical to academic growth. Our goal is to inspire a love of reading in all children. We strive to have vetted age appropriate reading material available to all students in the school library as well as in classroom libraries. We also believe that parents are the first and primary educators of their children and as such may promote certain reading selections over others. Dialogue between parents and children regarding book themes, content, and language is highly encouraged.

If a parent does not agree with our offerings for free/self-selected reading, they can certainly send in other materials. Our school is but one resource to help parents determine what constitutes a “good book.” Parents can also find book reviews online or check the content of books at www.commonsemmedia.org/book-reviews.

69. Mathematics

The mathematics program is designed to provide a proper balance among the three phases of development: concept development, skill development, and application of concepts and skills to everyday experiences. St. Aloysius utilizes a multi-leveled mathematics program in grades 3-8. This allows greater opportunity to meet individual needs. Student placement is based on MAPS test scores, classroom performance, and teacher recommendation. While we understand the social constructs of leveled classes, placement in a particular level is based on what is in the best interest of both the individual student as well as the class as a whole.

All classes receive challenging lessons and have high expectations for achievement. Students may be placed in a level on a probationary period based on teacher concerns for success and mastery of material. Parents will be notified in writing of probationary status. Final decisions on math placement lie with the principal in conjunction with the math faculty. The National Council of Teachers’ of Mathematics Standards and Common Core Curriculum components are implemented in our classes.

70. Science

The science program is designed to teach the art of inquiry along with basic scientific concepts. It gives the students an appreciation of science and its practical application. A hands-on approach is stressed at all grade levels. The science lab is well equipped with basic materials and equipment needed to explore the world around us.

71. Social Studies

The basic purpose of social studies is to help students to understand themselves, world cultures, their values, the world around them, and to become responsible citizens with an emphasis placed on the dignity and sacredness of the human person. Students in grades six and eight also participate in economic programs through Metro Louisville called Exchange City and Finance Park. Certain grades also have lessons taught by local business professionals through the Junior Achievement Organization.

ATHLETIC PROGRAMS, FIELD TRIPS, AND EXTRACURRICULAR ACTIVITIES

72. Purpose of Extracurricular Activities

Extra-curricular activities should enhance rather than interfere with the student's academic, social, and spiritual growth. If extra-curricular participation interferes seriously with a student's progress, and/or the student has disciplinary issues, a student is subject to probation or suspension from the activity until he or she improves. This policy includes extra-curricular activities, such as after school enrichment classes, sports, scouts, quick recall, field trips, etc. that may be interfering with academic success.

73. Athletics

St. Aloysius belongs to the Catholic School Athletic Association and provides all the sports sponsored by the CSAA where sufficient interest is shown. Athletics are sponsored by the St. Aloysius Men's Club. All athletic programs depend upon volunteers for successful programs. Any student participating in the athletic program must observe the following:

1. A student must be working to his/her ability and giving sincere cooperation to the St. Aloysius Staff in order to have the privilege of representing St. Aloysius School. Students failing any subject area may not be allowed to play in a game or other extracurricular activity.
2. Participation in the sports program is not an excuse for omitting homework.
3. A student who is absent from school or leaves school sick should not be allowed to practice that evening or play in a game if the game is scheduled on that school night. This regulation applies to all extra-curricular activities. Any exceptions to this rule must be approved by the school principal.
3. Good sportsmanship by students and parents should always be maintained regardless of the outcome of the game. "Booing" the other team is not considered good sportsmanship.
4. The use of profanity is strictly prohibited.
5. Any student serving a suspension is not allowed to practice or play in any extracurricular activity that day.

Failure to comply with the above or other general handbook rules could jeopardize a student's eligibility to participate in the sports program. All cases of ineligibility will be determined by the pastor in conjunction with the school principal. All families must follow the guidelines of the St. Aloysius Sports Handbook.

74. Awards Day

Each May an awards ceremony is held to recognize the achievements of students throughout the year. Contest winners, academic team members, certain club members, etc. are honored at this time. Parents and family members are welcome to attend.

75. Field Trips

Field trips are educational privileges that correlate with the classroom curriculum. No student has an absolute right to a field trip. Students may be denied participation if they fail to meet academic or behavioral requirements. Students that have missing assignments will not be allowed to go on class field trips. Type and frequency of trips will be determined by distance, age level of students, and the value of the experience. Written permission of parents must be secured, and the principal's approval must be obtained. Verbal permission is NOT acceptable. If a student loses the necessary permission slip, parents should copy or print off the official permission slip found at the end of this handbook, fill it out, sign it, and return it to the school office. Students without valid slips will not be allowed to go on the trip. Unless special circumstances exist, transportation will be by bus for the entire class. Approval must be given by the principal if students need an alternate form of transport. Uniforms are to be worn on field trips unless otherwise stated. Emergency medical treatment forms must be kept in the possession of the supervising teacher at all times on the field trip.

If the school provides lists of student names and/or addresses; allows distribution of materials in the school; allows the school's name to be used; or participates in any other way in the planning of the trip, a court could find that the trip was school sponsored, or at least approved, in the event of accident or injury. This situation could result in the school, as well as any supervising parents, being held liable for any injury. Therefore, to protect everyone involved in school field trips, the principal will insist:

1. The school name should only be used for educational trips on which school employees serve as chaperones.
2. The school rules are followed at all times.
3. Anyone who violates these rules will be sent home at the parent's expense.
4. The school maintains a supervisory role with regard to the trip.

Because of the responsibility and liability of chaperones on field trips, chaperones are not permitted to bring siblings. All chaperones must have completed the Honor Thy Children Safe Environment Training through the Archdiocese. Proof of training along with current background checks are required to be on file in the parish office before volunteering to work with or chaperone students. Only students currently enrolled at St. Aloysius are allowed to attend a school-sponsored field trip. Parents should respect the nature of the field trip experience and not

arrive unannounced at a field trip destination. Chaperones should follow teacher directions and expectations especially with regard to student groups. Teachers will decide how best to divide classes and those decisions must be honored by parents. Chaperones should not call, text, or contact other parents during the field trip experience. It is the teacher's responsibility to contact parents in cases of injury, illness, forgotten items, etc. While we certainly appreciate our parent chaperones, faculty members are the leaders of record and as such should make these decisions and communicate as needed with parents not in attendance. All students in a particular grade level taking a field trip must share equally in all costs incurred, including transportation, even if the student does not use the provided transportation service or does not attend the field trip. Trips are planned well in advance with ticket sales, reservations, etc. based on the total number of students in a class. If students are sick or simply choose not to attend the field trip, they will be marked absent and parents are still responsible for their payment. Refunds will not be provided.

Students go on field trips as a group and must return to school as a group. Children are not allowed to be picked up at the end of a field trip. They must be dismissed from school with their class. Fees will be collected prior to the trip and are non-refundable. The amount paid per student is calculated according to the number of students enrolled in the homeroom. Cases of financial hardship will be considered by the administration on a case by case basis.

76. Eighth Grade Trips

The eighth grade traditionally has a special field trip schedule. At the beginning of the school year, eighth grade students along with homeroom teachers and administrators will take part in a full day team building program. There will also be two other extensive field trips, one per trimester, which connect to the regular curriculum.

Students may be denied participation if they fail to meet academic or behavior requirements. No student has an absolute right to a field trip. Any student that is not participating in the field trip must still attend school that day or he/she will be counted absent. All procedural policies outlined in the field trip portion of this handbook also apply to eighth grade field trips. Students are serving as representatives of St. Aloysius Catholic School when on field trips and as such are expected to follow school rules and clear behavior guidelines. Failure to behave appropriately can result in disciplinary action as well as jeopardize participation on future trips.

Proceeds from Trivia Night have traditionally been applied to cover the cost of eighth grade field trips. Smaller fundraisers may also be held with the approval of the administration. Parents must volunteer to coordinate these projects and follow archdiocesan and school policy that requires all transactions to be in the one parish checking account. Each organization/group has its own autonomous account within the parish system, so it is important that all deposits be made promptly. Monies should never be taken home but are to be turned in to the parish office directly. This is for the protection of the individual. Students who are not allowed to participate forfeit all monies that they have raised. These funds will remain in the general eighth grade account. At the

end of the year, any remaining funds in the eighth-grade account will be transferred to the 8th grade scholarship program or used in a ‘pay it forward’ approach for upcoming 8th grade expenses.

77. CSAL (Quick Recall)

The Catholic School Academic League sponsors Quick Recall leagues for students in grades 4-8. The league culminates with a city-wide tournament. There are three divisions: elementary (grades 4 & 5), grade 6 and middle school (grades 6-8). Students will be notified as to try out dates. Students that participate in quick recall can also be members of governor’s cup teams.

78. Governor’s Cup Competition

St. Aloysius participates in the elementary division (grades 4 & 5) and the middle school division (grades 6-8). Students represent the school in the following areas: quick recall, future problem solving, English composition, and written assessments. Written assessments are broken down into mathematics, social studies, science, language arts, and fine arts/humanities. Students are encouraged to practice with specific teams based on test scores, classroom performance, and teacher recommendations. The team moderator then chooses three outstanding students and an alternate to participate in the actual competition. Parent volunteers are essential to the success of this event. Students should only practice with teams they want to represent and no more than three at any one time, which includes Quick Recall.

79. Geography Bee

This contest is sponsored by the National Geographic Society to encourage greater interest in the area of geography. Candidates are selected from grades 4-8. The school contest is held each December. The winner of this contest goes on to represent St. Aloysius at the county level.

80. Safety Patrol

Middle school students and student council members have been given the responsibility and privilege of serving as safety patrol members. Serving as a patrol member is also a required part of participating on student council. Their function is to help maintain a smooth, orderly flow of traffic as students enter the school grounds and building. They are placed at strategic points during morning drop-off to assist students into the building. They are empowered to respectfully correct students who disregard school regulations. Because this is considered a position of authority, patrols must serve as role models for the rest of the student body when fulfilling their duties. Any patrol person failing to exhibit satisfactory behavior will be removed from duty. All students and parents are expected to respect and obey the safety patrol members.

81. Scouting Programs

Boy Scouts and Girl Scouts are available to students at various levels after school hours. Schedules are set up by the leaders and the information is sent home with students. For more information on these programs, contact the parish office for a list of current scout coordinators.

82. Spelling Bee

A school spelling bee is held to determine a school winner, who will represent St. Aloysius in the Archdiocesan Spelling Bee. The winner of the Archdiocesan Spelling Bee proceeds to a city-wide contest.

83. Student Council

The purpose of the St. Aloysius Student Council is to develop qualities of leadership, promote school spirit, advance the welfare of the school community, and promote a desire for well-rounded student growth. All students are members and students in grades 6-8 are eligible to serve on the council as a representative or officer.

The Student Council sponsors the St. Aloysius Award each trimester. This award is chosen by teachers and given to two students in each class based on classroom leadership, participation at Mass, and exemplary demonstration of Catholic virtues including kindness, gentleness, faithfulness, understanding, patience, and generosity toward others. While there are two recipients per classroom, it is not necessarily one girl and one boy. Teachers decide on who is most deserving regardless of gender. Winners of this award receive a certificate at Mass and a free dress pass.

OPERATIONAL POLICIES & PROCEDURES

84. Arrival and Dismissal Procedures

Arrival

7:20- Building is opened, students in grades K-8 go directly to the cafeteria until 7:35, 7:45 Bell rings (**tardy bell**), morning prayers begin

After morning prayer, students get materials ready, instruction begins at 7:50am

Students riding bicycles should secure bikes along the bike rack near the gym doors and enter through the front entrance. Students who walk to school may use either entrance but should not loiter prior to school doors opening at 7:20. Students will not be allowed to wait in the lobby or wander the halls unsupervised.

Dismissal

2:40- 1st bell rings, afternoon announcements are made After announcements students may get materials ready to leave but they must stay inside their classrooms

2:45- Dismissal bell rings and family car numbers are announced. Those students will leave through the appropriate exit. After school care students will be called to the cafeteria by specific grade levels.

3:00- Remaining students will be sent to the after school care program and parents are charged accordingly. Exceptions may be made when carpool is delayed due to traffic, trains, etc.

The school building will be open each day at 7:20 a.m.. The school does not assume responsibility for any student arriving prior to 7:20 a.m.. Therefore parents must remain with students who arrive prior to 7:20 a.m.. Children should not be dropped off and left outside to wait without supervision.

In order to ensure the safety of our students, St. Aloysius requires any afternoon walkers to have a signed permission slip on file in the office. Walkers exiting the building and walking through the back of the campus will be released with the first wave of carline in the back and will wait for BACK WALKERS to be lit on the carline display board. Faculty and staff will be present in the back lot to ensure that no cars are released until these students have safely made it past the playground. Those students exiting through the front of the building and walking toward LaGrange Road, will wait until all waves of the carline are complete before being released from

the building. These students will remain in their classroom until the FRONT WALKERS are lit up on the carline display board. Any student who does **NOT** have a form on file will **NOT** be allowed to walk home. They will be taken to the office to call their parents/guardians.

Parents are asked to pick up students promptly at 2:45 p.m. Any remaining students after regular carpool will be taken to after school care and parents will be charged accordingly. All students will have an emergency contact form on file with the school office as well as with the after school care director.

If a student has practice for a sport, a club meeting, etc. at 3:00 p.m., he/she should wait until that specific activity is announced within the afternoon car number process. Students are **NOT** allowed to change clothes until the coach arrives and can monitor the locker rooms or bathrooms. Siblings should not be left to wander or under the supervision of a coach/sponsor unless they are an active part of the group. If one pick up is the goal, siblings should go to After School Care and families will be charged appropriately. There is no loitering in the halls, restrooms or other areas of school at the end of the day. Students should not be in the school unsupervised at any time. This is for the protection of the students as well as the protection of the school.

If the regular dismissal procedure for the student is to be varied, the parent must send a note informing the teacher. If no note has been sent, the student will be sent home according to the usual procedure. This is for the protection of the students. It is important that parents do not leave dismissal information on the teacher's voicemail or email since messages may not be received until after the end of the school day.

Upon dismissal, parents must wait in the appropriate carpool area. **Please stay off cell phones as you are driving into the carpool and once in place, please turn OFF your vehicle.** This is in the best interest of all parties. Students in grades K-2 and their carpool members should exit out the back of the building. Students in grades 3-8 should go out the front of the building. When looking for / getting into cars, students should not go past the Zone 3 blue railings in the front. We can not see students if they are around the corner of the building. Students walking or riding bicycles should wait under the awning until the main carpool is finished in the back. They will be dismissed as a group within the number calling system for afternoon carpool before the preschool carpool begins and should exit using the chapel driveway. Teachers will stay with their homeroom and not escort individual students to alternate pick up areas. **Parents should NOT walk students through carpool lines to avoid waiting. Families should not cross Mt. Mercy Drive or walk through the parking lot behind church during carpool.** The small parking lot behind the chapel is designated for faculty / staff parking. No children should be picked up in this area. The safety of our students and faculty is paramount.

85. Absences

When a student is absent from school, parents are asked to call the office by 9:00 am and give the reason why the student is missing school that day. Parents may also call the absentee line, 241-8516 ext. 6001 to report an absence. This includes students who are shadowing at another school. Students who are not in the building will be marked absent. If parents do not call the school, the receptionist will call the parents. It is necessary to clarify the whereabouts of all students. State law requires a record of absentees and written excuses for such absences. The parent, therefore, must send a written explanation upon the student's return to school. If it is known ahead of time that it is necessary for a student to be out of school, such as in cases of hospitalization, the parent is asked to inform the school in advance.

Teachers can work with the family to adjust assignments and due dates accordingly. Parents are asked not to plan family trips to include school days. Regular school attendance is important. Parents are asked to consider that when a student is absent, it is difficult to make up teacher presentations, learning activities, discussions, and class interaction. Teachers are NOT required to prepare work in advance, provide recorded lessons or virtual instruction to accommodate vacations.

Students **must** make up work missed during an absence. This includes all excused absences and shadow days. Unexcused absences are usually those connected to suspension/punitive incidents. In those cases, the principal will make clear what work will/will not be accepted. Teachers, with the help of homework partners, are able to provide a list of missing assignments, but it is NOT the responsibility of the teacher to see that the work gets sent home. Parents/students need to make arrangements with a sibling or neighbor to take assignments or must arrange to pick up the work. Requests for work must be received in a timely manner to allow teachers/homework buddies to compile information. Students will have the number of days absent to make up any missing work without penalty. For example, if a student is absent for three days, he/she will have three school days to turn in any missed assignments.

School policy dictates that any student absent more than 25 days is required to attend summer school or said student could be retained based on a lack of mastery of material. Exceptions, such as with extended serious illness, may be allowed at the discretion of the principal. Regardless of the reason, with this number of absences, a plan for submitting missing assignments as well as for summer tutoring will be discussed.

Keep your child home if he/she is ill. Do not mask symptoms with over the counter medicines and hope children can get through the day. Students will recover more quickly at home and not infect others in the class. Children must be free from fever, diarrhea, and vomiting symptoms for 24 hours before returning to school. Please consult the health issues section for details on illnesses, fevers, and other physical issues that affect attendance.

86. Tardiness

It is extremely important that parents have students at school before 7:45 a.m. each morning. This will give the children the time they need to get to their classrooms, put their things away, and be prepared for morning prayers, which begin at 7:45 a.m. It is a serious distraction to the other children when a child walks into the room after prayers have begun.

Any student not in their homeroom by 7:45 a.m. is considered tardy and must go to the office for a tardy slip. This includes students coming from an appointment without a note from a doctor or dentist. Students may have three unexcused tardies per trimester with no consequence. Excused tardies are those for which a doctor's note is brought to the office or cases of extraordinary circumstance, which are at the discretion of the principal. The school expects the parents to take an active role in correcting the problem.

Students who arrive at school prior to 9:30 a.m. shall be deemed tardy. Students who arrive at school after 9:30 a.m. but before 11:30 a.m. shall be counted one-half day absent. Students who leave school between 11:30 a.m. and 1:30 p.m. shall also be counted as one-half day absent. Students who leave school after 1:30 p.m. but before dismissal time shall be counted tardy. If students are being taken out of school early for a doctor's appointment, a doctor's note must be brought in the following day for it to be an excused tardy.

87. After School Care

An after school care program is offered for St. Aloysius students. Information may be obtained by calling 241-8516. Mrs. Traci Fuller is the director of the after school program and can provide parents with a copy of their handbook and fee scale. All students at St. Aloysius will have an emergency contact sheet on file with the after-school care director. Students that have not been picked up at the end of the regular carpool will be taken to after school care and parents will be charged accordingly.

88. Early Dismissal / Late Arrival

Parents are asked to make routine doctor or dental appointments after school or on designated school holidays. Every effort should be made to keep students in school. Parents are required to pick up students being dismissed early at the front doors of the school building. If arriving late, students must enter through the front doors of school and have a temperature check before going to his/her class. Parents should wait to make sure students are cleared before leaving. Early dismissals will result in the student being marked tardy. Please refer to the tardy policy found in this handbook.

89. Emergency Closings (Winter Weather Conditions)

When winter weather conditions cause school openings to be questionable, one of the following announcements will be made for Catholic elementary and high schools in Jefferson County. The St. Aloysius School Board has elected to follow this plan:

1. All Catholic elementary and high schools in Jefferson County are OPEN.
2. Catholic elementary and high schools in Jefferson County will be OPEN, but on a DELAYED SCHEDULE. When this announcement is made, St. Aloysius will begin at 10:00a.m. The schedule for the rest of the day is not affected. Preschool will begin at 10 a.m. as well and dismiss at their normal time.
3. All Catholic elementary and high schools in Jefferson County are CLOSED.
4. Catholic elementary schools are following their INDIVIDUAL EARLY DISMISSAL POLICY. This announcement may be made in the event that school has already started when the bad weather moves into the area. If this happens, parents will need to check the school website for information. Parents may also receive an emergency voice mail or email from an automated system. The school website will be updated as decisions are made. Please check the main page for details on closings or delayed starts.

90. Disaster Drills (Fire, Tornado, Earthquake, & Lockdown)

State and local regulations are followed. There will be a fire drill during the first week of school, then once per month thereafter. Tornado drills and earthquake procedures are practiced throughout the year as well. Strict discipline rules are enforced during these drills. Teachers are given information on how to proceed during a lockdown situation. Various evacuation drills are also in place and practiced. Teachers also receive first aid and CPR training periodically. A group of teachers is also trained on using fire extinguishers. Parents are welcome to discuss safety issues with the administration.

91. Half-Days

A student must be in school 3 ½ hours to be credited for a half day of school. Students who arrive at school after 9:30 a.m. but before 11:30 a.m. will be counted one half day absent. Students who leave school between 11:30 a.m. and 1:30 p.m. will also be counted as one-half day absent. Students who leave school after 1:30 p.m. but before dismissal time shall tardy.

Shadowing

Shadowing is designed to provide seventh and eighth grade students the opportunity to experience a typical high school schedule of classes and activities. Each student has a total of six possible days to shadow over a two-year period. Seventh grade students may shadow only between January and late April. Eighth grade students are encouraged, if necessary, to shadow in the fall beginning mid-September. Students must be in good academic standing without excessive absences to take a shadow day out of school. It is recommended that students only shadow once at each prospective high school. Students should try to shadow on days when

St. Aloysius is not in session. If necessary, students are allowed to shadow on days school is in session. If the following protocol is followed, the shadow day will be processed as an excused absence. Not following these rules will result in the student being marked absent and may affect the ability for students to make up class work, quizzes, or tests.

1. Do not schedule shadowing dates when tests or exams are being administered.
2. Teachers must be given prior notice of the pending absence and all missed work must be completed.
3. Parents must acquire a shadowing documentation form from the school office before the shadow visit.
4. Parents and representatives from St. Aloysius and the high school must sign the shadowing documentation form.
5. The form must be returned to St. Aloysius for verification of the shadowing experience.

92. Shadowing

Shadowing is designed to provide seventh and eighth grade students the opportunity to experience a typical high school schedule of classes and activities. Each student has a total of six possible days to shadow over a two-year period. Seventh grade students may shadow only between January and late April. Eighth grade students are encouraged, if necessary, to shadow in the fall beginning mid-September. Students must be in good academic standing without excessive absences to take a shadow day out of school. It is recommended that students only shadow once at each prospective high school. Students should try to shadow on days when St. Aloysius is not in session. If necessary, students are allowed to shadow on days school is in session. If the following protocol is followed, the shadow day will be processed as an excused absence. Not following these rules will result in the student being marked absent and may affect the ability for students to make up class work, quizzes, or tests.

6. Do not schedule shadowing dates when tests or exams are being administered.
7. Teachers must be given prior notice of the pending absence and all missed work must be completed.
8. Parents must acquire a shadowing documentation form from the school office before the shadow visit.
9. Parents and representatives from St. Aloysius and the high school must sign the shadowing documentation form.
10. The form must be returned to St. Aloysius for verification of the shadowing experience.

93. Transfers

The parent should make notice of a student withdrawal to the teacher and principal in ample time before the withdrawal date. Records will be mailed directly to the school requesting them upon

receiving a request and release form for records. Records are not sent through the student or parent.

94. Kindergarten

By state law, students must be five years old by August 1st to attend kindergarten. All incoming kindergarten students will be given a screening (Kindergarten Readiness Test, KRT) to determine where he/she falls on a readiness scale. This screening will help determine acceptance into St. Aloysius. It is meant to give parents a better understanding of the student's strengths and weaknesses. After the screening, parents will receive a results summary from the principal to determine if it is the right time to begin school at St. Aloysius.

Kindergarten students are required to wear the traditional St. Aloysius uniform. Shoes must be athletic/tennis shoes. No other shoes or boots are allowed, unless extreme weather permits. Light up shoes or musical shoes are also prohibited. An exception to the school uniform policy for kindergarten is the use of belts. Belts are optional for kindergarten only.

95. Cafeteria/Taher Inc.

Beginning in 2021, the cafeteria will be run by Taher, Inc., a contract food service management company. More information will be posted in coming weeks regarding processes for depositing money and menu information. If you have specific questions until then, you can contact Jason Kirby at j.kirby@taher.com.

96. Asbestos Compliance

In 1988, EPA and the Commonwealth of Kentucky adopted a rule requiring inspections, assessments, and management of asbestos-containing building materials (ACBM) in schools. This rule is called "AHERA." In an effort to maintain a safe environment for students, staff, and visitors and in order to comply with the rule, the Archdiocese of Louisville completed all of the necessary tasks and maintains a viable asbestos management program throughout the school system.

This notice is being provided to comply with those most recent notification requirements. Although there are no (longer) asbestos-containing building materials as defined by the AHERA rule present in our school, recent personnel changes within the state's department that oversees the asbestos-in-schools program has brought about some changes with respect to recordkeeping and annual notification requirements, even for schools that have no asbestos as defined in AHERA. A copy of the school's asbestos inspection and management is available in the school office for inspection.

97. Change of Address

In the event of a change of address or telephone number while the student continues to attend St. Aloysius, the school should be notified at once. Written verification must be sent to the school office.

98. Concerns

If a parent has a concern about the school or procedures, he/she is encouraged to call the office and discuss it directly with the principal. Parents should schedule an appointment rather than just dropping in unannounced. If the concern results from a problem or misunderstanding in the classroom, the parent **must contact the teacher involved first**. Teacher assistants are not able to speak on behalf of the teacher and should not be contacted. Teachers or assistants should not be plied for information on school matters. School personnel should not be questioned or conferenced with at outside events such as athletic matches, parish activities, etc. Please contact the teacher to make an appointment. Do not approach teachers at recess or in carpool with concerns as they are tasked with monitoring student safety at these times. Teachers and administrators are willing to discuss concerns when the proper protocols are used. Parents are expected to support the teaching authority of the school. Keep in mind that parents and teachers both want what is best for the student.

Parents often make requests regarding homeroom placement for their son/daughter. While these requests are noted, there is no guarantee that the requests will be granted. There are several factors that go into homeroom assignments such as ratios of boy/girl, learning styles, personality issues, etc. The final decision is made by the administration with input from teachers. Once class lists are posted, changes will not be made.

99. Counseling Sessions

St. Aloysius offers counseling services for its currently enrolled students. These sessions may be held at the request of a student, parent, teacher or administrator. The counselor may see a student individually one time without parental consent; however, any subsequent counseling sessions require written permission from the parent using a specific form. This form is found at the end of the handbook as well as online. Students will come to the counselor's office, found in the main school office, for individual sessions. Privacy and confidentiality are of the utmost importance and maintained for each student/family.

The counselor will also work with small groups as well as whole classes depending on the topic or material to be addressed. These group activities may not require parental consent as they are curriculum based and/or follow general, common sense guidelines for behavior. Examples of group topics could include friendship issues, handling stress/anxiety, organizational issues, frustration management, etc. If students feel the need for individual support after a group session,

the counselor must revert to using parental consent guidelines mentioned above.

As in all areas, communication between school staff and parents is vital. The counselor is seen as an advocate of the student and will work in the best interest of each child. Parents should feel free to contact the counselor with concerns; however, regular protocols are still in place. This means if a situation occurs in the classroom setting, the classroom teacher should still be contacted first. The counselor and teachers will work together to maintain an optimal learning environment for all students.

100. Custody Cases

For the protection of the children, it is necessary for the school to have current and accurate information regarding the custody of the children in cases of divorced parents. Divorced parents need to bring to the school office a notarized copy of the custody section of the divorce decree. In case of emergency, only the custodial parent as listed on the student emergency form will be notified by the school office. Other communication will be given by the custodial parent.

101. Uniform/Dress Code

Students' appearances create a first impression to those in our community and should demonstrate the seriousness with which they and their parents value their Catholic identity and education. In support of modesty, student appearance, including haircut or hair style, must not seek to draw inappropriate attention to one's-self nor contribute to distraction in the learning environment. The school expects the parents to take an active role in uniform policy compliance. The school uniform must not have any tears or holes, and should be in general good repair.

Daily Uniform Checks: These checks are conducted by homeroom teachers and administrators. Uniform violations will be documented by the homeroom teacher and administrators. Uniform infractions may be given by teachers, assistants, office staff or administration. For grades 3-8, three uniform infractions will result in a referral. When issued a uniform infraction or referral, the form will go home with the student requiring a parent signature and acknowledging the infraction. Depending on the problem, parents may be called to bring in appropriate clothing. Repeated violations will result in a conference with parents, student, and principal and may result in detention.

Lost and Found: A lost and found area is located in the cafeteria. Items that are not claimed will be donated. **Parents are strongly urged to label all items with a student's name.**

Where to Purchase: All uniform items are available for purchase at Shaheen's or Coffman's. Uniforms are also available through Land's End online.

Pants: Navy blue dress pants are acceptable for both boys and girls. No cargo pants with large pockets, jeans, corduroy, tight fitting or stretch style pants are allowed. All uniform bottoms are to be worn waist high and must not be rolled up at the waist or at the hem.

Shorts: Students are allowed to wear navy blue Bermuda length walking shorts all year. Other types of shorts are not allowed. Shorts should not be rolled at the waistband and should meet the same length requirements as skirts (must be no shorter than the student's longest fingertip when arms are placed in a relaxed, hanging position at the student's side). New mesh St. Aloysius PE shorts are available for purchase at Shaheen's and are considered appropriate for use at events such as Boosterthon and Field Day. These shorts may also be worn on Spirit Days with appropriate spirit shirts.

Belts: Belts are required for both boys and girls when wearing shorts or pants. They must be solid navy, brown, or black with traditional buckles. No oversized or decorative belt buckles are allowed. *Belts are optional for kindergarten students.*

Skirts/Jumpers: Girls plaid (#57) uniform style skirts and jumpers are available through Coffman's, Shaheen's, and/or Land's End. Girls jumpers/skirts must be no shorter than the student's longest fingertip when arms are placed in a relaxed, hanging position at the student's side. Skirts may not be rolled at the waist. Skirts must be in good repair with no stains or fallen hems. Skorts are not allowed. Regular play shorts must be worn under the skirts, but not visible below the hem. If there is a question regarding the appropriateness of a student's skirt length, regardless of the "fingertip" rule, teachers and administrators reserve the right to require a longer skirt and will discuss these justified concerns with parents. If a uniform infraction is given, students have five school days to correct their skirt length if a permanent adjustment is required.

Shirts: Light gray, light yellow, royal blue or white short or long sleeved shirts with the embroidered school emblem are the only acceptable shirts. Moisture wicking or traditional polo styles are both acceptable as long as they have the school logo. Shirts must be tucked in at all times (except Kindergarten). If T-shirts are worn under uniform shirts they must be solid white and short sleeves. No colors or logos are allowed to show through the uniform shirt from T-shirts or colored undergarments.

Leggings: In the winter, girls may wear official Eagles' sweatpants sold through spirit wear or navy blue leggings or tights under their uniform skirts. No other sweatpants or pajama bottoms are allowed under skirts. Leggings should cover the entire leg.

Sweatshirts/Sweaters: The official St. Aloysius navy blue sweatshirt for grades K-7 or the gray sweatshirts for 8th grade are the only acceptable sweatshirts to be worn throughout the school day.

Jackets/Non-uniform sweatshirts: If jackets and non-uniform sweatshirts are worn, students

will be asked to remove them during class or Mass. Navy blue cardigan sweaters (girls), quarter-zip pullovers, and navy blue pullover fleece with the St. Aloysius logo are available for purchase and can be worn all year.

Socks: Solid white, black, gray, or navy socks without logos are acceptable. Socks must be visible above the shoe, including high tops.

Shoes: Basic athletic/tennis shoes (any color) that can be securely tied are the only acceptable shoes. For safety reasons mules, clogs, open sandals, crocs, and flip-flops are not permitted. Shoes should be flat, no wedge/high heels. Rain/Snow Shoes are permissible when weather conditions call for different footwear. These rules apply to students in K-8.

Hair: All students' hair must be clean, neatly combed, away from the face and eyes. Hair must not be dyed any unnatural color (including tips) or be styled in a way that would draw attention to the child or distract others.

Girls are required to pull their hair back out of the eyes, mouth, and face or maintain an appropriate length/style as to not have hair in their mouth, eyes, or face.

Boys are required to maintain a traditional haircut. A traditional hair cut is defined as completely off the collar, above the eyebrows, and cannot cover the ears. No facial hair is permitted.

Administrators may request that a student's hair be trimmed if it is determined to fall outside these established requirements. Requests for haircuts must be abided by within three school days. Failure to do so will result in the student receiving a referral or other disciplinary consequences.

Jewelry:

Boys: No earrings or piercings of any kind are allowed.

Girls: Traditional ear piercing, which is one pin sized hole in the lower lobe of the ear, is acceptable. **Dime sized earrings or smaller are acceptable, including hoops and dangling earrings.** Only one pair of earrings may be worn at a time. One school appropriate ring is allowed. No hair accessories other than headbands, bows, or pony tail holders are acceptable. These should not be overly large or distracting to other students. A basic wristwatch (digital/analog) is permissible. No other jewelry is allowed.

Necklaces: A student may wear one school-appropriate necklace of their choice. St. Aloysius is not responsible for broken necklaces or lost charms.

Bracelets/Watches: A basic wristwatch (digital/analog) is all that permissible. Due to the consistent distractions that iWatches have become, students will no longer be allowed to wear iWatches or similar electronic watches. Students are permitted to wear one additional school-appropriate bracelet aside from their watch.

Rings: One school appropriate ring is allowed for both girls and boys.

Water Bottles: Students are allowed to have a water bottle with them during the school day. Water bottles should be plastic (NOT metal) and have the student or family name written on them. Designs should be appropriate for a Catholic school. Only plain, regular water is allowed in these containers (no kool-aid, crystal light, etc.) School personnel reserve the right to check contents as needed. Please note that no metal Travel Mugs with exposed straws will be allowed.

Body Art: No student will be allowed to have tattoos, real or fake, on their body at any time while attending St. Aloysius School.

Other: Purses for girls in grades 4-8 should be no bigger than a regular piece of 8 ½ x 11 piece of paper. Purses are not backpacks and should only be used for small, necessary items. Make-up is not permitted. For middle school girls, neutral-color nail polish is permitted (clear, white, nude, light pink). Hats are permissible on spirit days/theme days. Scout uniforms may be worn on meeting days. St. Aloysius team jerseys or sweatshirts may be worn on spirit days. Other attire that has been marketed as Spirit Gear is also permitted on spirit days. Only clothing that promotes St. Aloysius is allowed for spirit days.

ANYTHING NOT SPECIFICALLY MENTIONED, IS NOT ALLOWED.

102. Free Dress (Out of Uniform Days)

When students are given a free dress day, they are expected to attend wearing clothing appropriate for a Catholic school. Written messages and graphics must be appropriate for children and in accordance with the principles of Catholic Education (ie: no violence, alcohol, tobacco, inappropriate rock bands, slander, etc.). If a student earns a free dress day, he/she must still bring a regular school uniform with them in his/her backpack. If their chosen free dress does not meet the above standards, students must change into their uniform and forfeit their free dress. Students will be expected to wear uniforms on field trips, but the principal may make an exception for free dress for outdoor field trips upon receiving a written request from a homeroom teacher. However, if a student arrives in attire that is deemed unacceptable, he/she may forfeit the privilege of the field trip. We ask that free dress passes not be used on Mass days to ensure a child's best appearance for the celebration of the Eucharist. Parents are asked to cooperate in helping students select appropriate attire. All other uniform guidelines are in effect during free dress days. Guidelines outlining shoes and jewelry are for the protection of all students. Students not wearing approved will be given a uniform infraction, may lose their P.E. privileges, and will be asked to change. School administration will have the final decision upon questionable attire. If the student does not have a uniform with them, parents are called to bring suitable clothing for their child. Depending on the attire of the student, he/she may be asked to stay in the office until the uniform arrives.

Unapproved Free-Dress Garments: Halter-tops, tank tops, belly shirts (showing bare midriff), short-shorts, short-skorts, and tops with spaghetti straps. Extremely tight-fitting pants, jeggings, and yoga pants. Running shorts or shorts with high slits on the sides. Any clothing with rips or tears. Pajamas or pajama style clothing is not acceptable.

Approved Free-Dress Garments: School shorts or long, Bermuda style walking shorts are acceptable these days. Other athletic shorts are acceptable if they meet the measurement protocol. To measure, place shorts at the waist (not lower hip), relax shoulders down and hold arms at the side of the body with fingers extended. If shorts (including slits) extend to the tip of the longest finger or longer they are acceptable. Leggings are permitted on free dress days if the student wears an approved top that covers their buttocks.

Daily and Random Uniform Checks: Checks are held to ensure all students are abiding by the uniform dress code. Students that are not in uniform at any time will receive a Uniform Infraction which details the problem and must be signed by parents. Uniform infractions can be given by teachers, assistants, office personnel or administration. Three uniform infractions will earn a referral for the student. Out of uniform days or free dress is a privilege. As such, students with multiple uniform infractions for the current trimester may need to forfeit this privilege.

(Updated 8/17/22)

103. Spirit Day

The last Friday of the month, unless otherwise specified, will be designated as school spirit day. Students may pay \$1 to wear St. Aloysius Spirit Gear and/or team jerseys and sweatshirts on these days with appropriate uniform pants or skirts. Tank top style jerseys should have a regular shirt underneath them. All other uniform rules still apply. Money raised by these spirit days will be donated to local charities.

104. Telephone and Cell Phone Use

It is necessary to limit the use of the office telephone by students to emergency calls only. Students may not be allowed to call parents to bring forgotten items, including homework, to school. In case of a forgotten lunch the cafeteria can provide lunch and charge it to the student's account. Teachers may not call parents or accept calls from parents except during their planning period. Teachers have 24 hours to respond to voice mail messages, calls, or emails. Students are not allowed to use cell phones or to text/email via any device during the regular school day.

Administrators & teachers request cell phones be kept at home. In the event a cell phone is absolutely necessary for after school activities, students should keep it in their locker in the off position. If cell phones are heard or seen during the school day or on school grounds during carpool they will be confiscated and held in the office. If it is determined that a student used a

cell phone or device to call/text/email out of the building during the school day or at carpool, he/she may receive a referral or detention. Only parents can retrieve the confiscated phones. Phones will not be given back to the student by the office. This policy holds true for all electronic devices including, iPods, personal Chromebooks, GameBoy/Nintendo products, etc. School email accounts are supplied and monitored by the school. We reserve the right to check any texts/emails as necessary. More details can be found in the technology section under cell phones on p. 27.

105. Textbooks and Supplies

A rental system is used for all textbooks. All books remain the property of the school and should not be written in unless directed by the teacher. Students are required to keep a cover on all textbooks. The school is not responsible for providing book covers. Students are responsible for keeping their books in good condition. Monetary charges may be assessed for graffiti or damages beyond normal wear and tear.

106. Visitors

Outside doors will be locked at all times for security reasons. Impromptu conference with a teacher when he/she is supposed to be teaching or supervising. All visitors are strongly discouraged from loitering in the hallways. The office will deliver important messages at an appropriate time.

107. Volunteers

Volunteers who have arranged with teachers or staff to help in the classroom or cafeteria, must enter the building through the front door, check in and get a visitor tag in the school office, and wait to be directed to the appropriate location.

108. Parking

During school hours (7:30 a.m. – 3:00 p.m.) no parking is allowed in the front school lot. If parking in the side lot behind the chapel do not park in front of the garage to ensure access for maintenance workers. Parents should respect the carpool rules and NOT park away from school and walk their child through the carpool.

109. Parties

The children are allowed three holiday parties throughout the year for Halloween, Christmas, and Valentine's Day. All parties are privileges, not guaranteed experiences. Party attendance can be

withheld or revoked for students based on their behavior or academic needs. In such cases, parents will be advised prior to the event and students will go to the office during the class celebration.

If children wish to bring birthday party invitations to school, ALL classmates must be included. If everyone is not included, invitations may not be given out at school. If students wish to bring a treat for his/her birthday please keep the treat simple and be certain there is enough of the same item for all classmates. Students should not deliver treats to other classrooms. Please consult the snack list at the end of this handbook for appropriate non-peanut treats. The safety of ALL our children should be taken into consideration, including those students with peanut or other allergies.

110. Lost and Found

Any articles that are found should be turned into the school office. Students who have lost an item should check with the office promptly. Lack of storage space does not allow us to hold found articles for a great length of time. Identification labels on students' property are imperative. There is also a lost and found area in After School Care.

HEALTH/WELLNESS

111. Eye Examinations

The Archdiocese of Louisville Catholic elementary schools require proof of a vision examination by an optometrist or ophthalmologist be submitted to the school no later than January 1 of the first year that a 3, 4, 5, or 6 year old child is enrolled. This applies to kindergarteners and any first graders new to the school. Vision examination information may be reported on the Kentucky/Archdiocese of Louisville Eye Examination Form for School Entry or using the basic form available at all eye care locations.

112. Head Lice

If a student is found to have head lice, the student will be sent home immediately. School officials must be notified when a child or other member of the family contracts head lice. The student must remain at home until the proper treatment has been administered. School officials may find it necessary to check individuals or whole classes if cases are reported. Students will not be readmitted to class until they are completely free of any signs of lice, including dead nits. A form letter will be sent home to the class in which lice has been reported. Individual / family names will be kept strictly confidential.

113. Illnesses

Absences should be kept at a minimum regardless of the age of the child.

However, sending a child to school while sick and/or contagious is **not permitted**. The following time frames reflect state health department guidelines for everyday illnesses and will be strictly followed. Students are not to be sent to school with known fever, vomiting, diarrhea, and/or body aches with fever, acute cold symptoms, or skin rash. Do not send your child to school if he/she has run a fever or has been sick to his/her stomach the night before or early morning. To prevent the spread of illness, do not mask a student's temperature with medication and send the student to school. Please respect the rights of other children and teachers to not be exposed unnecessarily to illness.

1. **Fever**—Children must be fever free for 24 hours before returning to school. If a child has a fever of 100.4 degrees or more he/she will be sent home.
2. **Strep Throat**—Children may not return to school until 24 hours after the first dosage of medication was taken
3. **Pink Eye**—The student may return 24 hours after the first application of the prescribed medicine.
4. **Vomit/Diarrhea**—Children must be free from these symptoms for 24 hours before returning to school

Students that begin showing signs of illness or have a fever identified during the school day will be quarantined in the office and parents will be called to pick up students as soon as possible. When picked up, parents will be given a form that indicates the reason why the child is being sent home as well as next steps and timeline for safe return. After any absence, students are required to send a written note to the office explaining the reason the student missed school. After three consecutive days, a doctor's note should be sent to the school office. School policy dictates that any student absent more than 25 days is required to attend summer school or said student could be retained based on a lack of mastery of material.

114. Immunization Information

Parents need to have immunization forms on file by the first day of school. There is also a requirement to have two doses of the Hepatitis A vaccine in order to attend school. Kindergarten students must submit a Kentucky Immunization certificate with evidence of two doses of MMR, four doses of Tetanus, three or four doses of Polio, three doses of Hepatitis B, two doses of Hepatitis A, two doses of the Varicella vaccine or date of disease (chicken-pox), and a completed physical examination form done within one year of initial admission to a Kentucky school by the first day of school. A vision examination by an optometrist or an ophthalmologist is to be submitted by January 1 of the first year.

New students must submit a Kentucky immunization certificate with evidence four doses of Tetanus, three of four doses of Polio, three doses of Hepatitis B, two doses of the Varicella

vaccine or date of disease (chicken-pox), and two doses of MMR with a completed physical examination form done within one year of enrollment to a Kentucky school. Students entering first grade must also submit a vision examination by an optometrist or an ophthalmologist by January 1 of the first year of enrollment. Students entering seventh or eighth grade must also have one dose of Meningococcal vaccine and Tdap Tetanus vaccine booster.

Kentucky targets the sixth grade for new physical examinations. Also, the state requires that all sixth graders receive another Tetanus immunization of Tdap and a dose of the Meningococcal vaccine (MCV). Therefore, ALL sixth graders must have a new Immunization Certificate reflecting these updates. Sixth grade students must submit a Kentucky immunization certificate with evidence of a second MMR, three doses of the Hepatitis B vaccine, a Tetanus booster of Tdap, a dose of the Meningococcal vaccine, two doses of the Varicella vaccine or date of disease (chicken-pox), and a completed physical examination form done within one year of entry into the sixth grade.

Immunization certificates that expire over the summer must be renewed and submitted by the time the child enters school in the fall. Certificates that expire during the school year must be renewed and submitted within one month of notification. Parents will be notified accordingly, and speedy compliance is necessary. Dates for all immunizations must appear on state of Kentucky certificates.

115. Injuries

St. Aloysius School continually seeks to ensure student safety. However, it is impossible to prevent all accidents and injuries. In the event that a student is hurt, the following procedures will be followed. First aid is administered by a staff member for injuries that are obviously minor. In the event of a suspected serious injury or illness the child will not be moved and assistance will be requested from the school office. If there is any doubt regarding the seriousness of any injury, the custodial parent as listed on the student emergency card is always notified.

If parents or those listed on the emergency card cannot be reached, the child's physician or EMS will be called if deemed necessary. In case of emergencies, the custodial parent will be notified as listed on the student emergency contact form. Other communication will need to come from the custodial parent.

In the case of an injury that restricts mobility and/or requires slings, crutches, walking boots, etc., the school will need a doctor's note indicating the appropriate amount of physical activity. Students with these temporary medical conditions will be asked to stay indoors during recess. They can read quietly in the office, work on homework, draw with a friend or other low impact activity as needed.

116. Medication

All medication should be sent to the school office in its original container with the prescription label attached, which includes the physician's directions for dispensing the medication. A signed authorization to give prescription medication from the parent is required for school personnel to give medication to a student. For the safety of our staff, we can not accept verbal or texted permission to give medication. A copy of the necessary form is found at the end of this handbook. Please complete and return with medication when needed. Students should not keep medication in their purse or backpack without alerting the school office and obtaining permission from the principal.

Non-prescription (over the counter) medications may be accepted on an individual basis as provided by the parents or legal guardian. Parents are required to submit an authorization form even for simple over the counter medication such as ibuprofen or Tylenol. Verbal acceptance over the phone or a text message is not acceptable. A completed authorization to give medication form must be on file in the office and parents are expected to provide the needed medication. A copy of this form is also found at the end of the handbook.

Teachers, administrators, and office staff **must be** informed if students are on behavior modifying medications. Confidentiality will be maintained. To provide the best learning environment for all students, teachers must be informed if a dosage changes and/or if regular medication is stopped, even for a short, trial time.

Any student that uses an inhaler or may be in need of an Epi-pen should know they are not accessible after school. Extra supplies should be kept in their backpack if they are in any extracurricular activities. After school care givers, coaches, and moderators should be informed of any medical issues.

117. Nut Allergies

There is a rising number of children being diagnosed with peanut/tree nut allergies. These cases can range from moderate to severe. Appropriate safeguards will be put into place to ensure a safe learning environment for students with peanut allergies. All parents will be informed of peanut allergy issues during orientations and reminded as parties draw near. An allergy safe table/area will also be maintained in the cafeteria/classroom. There is a list of acceptable snack items at the end of this handbook for any parent bringing in snacks/treats for a classroom. When in doubt, please ask school personnel.

FINANCIAL MATTERS

118. Financial Aid

St. Aloysius wishes to assist families who desire a Catholic education for their children, but who are unable to shoulder the full cost. Anyone wishing to apply for financial aid must complete the financial aid application with the Catholic Education Foundation (CEF). This application is due in February each year. Copies of the financial aid form are available at the school and parish offices and online at www.ceflou.org. CEF will inform the parish office of family awards. Further assistance may be available via the parish. Families requesting additional assistance must write a letter to Fr. John Stoltz, pastor, explaining their need. Anyone requesting assistance with lunch fees (free/reduced lunch program) should contact Cindy Sullivan in the parish office. The financial review committee is made up of the pastor, parish business manager and parish bookkeeper.

119. Tuition and Payments

St. Aloysius Catholic School is a parish school and an integral part of the parish community. The parish assists parents in providing a Catholic education for their children by providing a subsidy to the school each year.

Please note that this is a 10 month commitment running from August 1 to May 31. An 11 month option is also available, running from August 1 to June 30. All parents must have a current stewardship form and tuition agreement on file with the parish office. All tuition payments must be current at pre-registration and registration for students to be considered for enrollment in the coming year. Fees associated with school registration, including book and cafeteria fees, and tuition payments made are non-refundable. Faith Direct must be used to pay all fees. Account withdrawals are preferred as using a credit card incurs more fees for the parish. Contact the parish office for more information on Faith Direct as needed. In the event of extended NTI, there will not be any reduction or refund of tuition. Teachers will still be maintaining virtual classrooms so regular tuition payments are still expected.

120. Delinquent Tuition Collection Policy

- **Step 1:** If payment is returned or held, a 'reminder' letter is sent within 5 days
- **Step 2:** A second letter is sent 10 days later if account is still delinquent with no family response
- **Step 3:** After 15 days with a delinquent account and no family response, a certified letter is sent with 5 business days to respond or the student's spot is forfeited.
- **Step 4:** Pastor and principal arrange to meet on a designated day with parent

Students may be dismissed for non-payment. It is the intent of St. Aloysius to provide continuing education to the student(s) involved in these issues. It is not the intent to have them taken out of school unless all avenues of receiving payment or making arrangements to receive payment have been exhausted. Communication is of the utmost importance between the school families and the parish office when tuition payments fall behind.

School Support Organizations

121. Parent-Teacher Organization (PTO)

St. Aloysius has a very active Parent Teacher Organization. The PTO is responsible for maintaining good communications between the home and school, for providing a vehicle through which parents can provide service to the school, and for offering a mechanism for parent education.

The St. Aloysius PTO coordinates and sponsors more than twenty-five programs, which parents support cooperatively and enthusiastically. Annually, the PTO donates a large sum of money to the school to provide a variety of opportunities and materials for the students including items such as furniture, teaching materials, building needs, online subscriptions and technology components.

122. School Board

The school board is an advisory committee composed of parents, the principal, and pastor. School board areas of responsibilities include the following:

- Planning and identifying the school's long-range needs and ideals and to develop goals and objectives that meet these needs and hopes
- Creating a development and funding program
- Assisting in the development of policies that will enable the school to reach its goals and that are compatible with the Archdiocesan, parish, and school
- philosophy and mission
- Participating in the selection of a school principal
- Working with school administrators to design a viable school budget

A call for nominations is made each spring and members are chosen from a random drawing in May. School board members serve three-year terms. Traditionally there are seven members and two alternates. Specific school board positions include school board chair, vice chair, and secretary. Meetings are held once a month.

Members are encouraged to attend a training workshop in the fall sponsored by the Archdiocese of Louisville. Being a school board member implies a willingness to accept and eagerness to seek information, training, and spiritual formation. School board members realize that they have no power or authority as in individual board member; that only the board as a whole can function. If a school parent or faculty member wishes to address the board, he or she must formally request the chair to be put on the agenda.

These visitors will be allowed to share their concerns regarding their particular issue but will not take part in other agenda items. Sensitive or confidential issues such as school personnel will not

be discussed. Members of the school board should refer all personnel matters to the administrator and support the administrator's decisions. The school board does not have the ability in and of itself to hire, reprimand, or dismiss faculty or staff.

Technology Policies/Procedures

123. Technology Overview

St. Aloysius School provides students with a strong background in technology. While the younger students develop a comfort level using computer programs that enhance their classroom curriculum, the older students learn to word-process, create presentations, search for information, and basic programming and web design skills. The technology coordinator and the classroom teachers work together to help students implement the technology they are learning with their classroom curriculum. Each student must have a signed Acceptable Use Agreement on file at school in order to use any of the computers. This acceptable use policy is in the registration packet and must be completed each year for each student. The media release form, also found in the registration packets, gives or denies permission for students to be featured online or in newspapers. Parents and students should also reference and abide by the Archdiocese of Louisville Acceptable Media Use Policy, which can be found in Addendum 139 of this Handbook.

St. Aloysius School, students or faculty should not be photographed or filmed without express permission from the principal. No photos, videos, etc. of St. Aloysius School or its students should be uploaded to social networking sites. Violation of this rule can result in loss of privileges, detention, probation, suspension and/or dismissal depending on the severity of the event. The final decision on discipline in this area will be with the principal and superintendent of schools for the Archdiocese.

Students and parents must sign a user agreement at the beginning of each school year. Students are to use school technology tools only under the direction and supervision of their teacher and only for the specified purpose designated. **This Technology Agreement can be found in the registration forms on the website. These forms are to be signed and turned in by all students and parents prior to the beginning of the school year, and acknowledge family understanding of all technology policies.** All students will be given a school email account and should access them with the guidance of a teacher or parent. Students are not allowed to access their personal accounts from school.

Students should not use the Internet, texting, emails or other messaging tools to contact friends or parents from school during the school day. If students need to contact a parent, the office phone should be used. Accessing social networking sites such as Facebook, TikTok, Instagram, etc. is not permitted for students during the school day. **Students should not use their school-assigned email address to sign up for any social media accounts or other non-school related subscription without teacher approval.** By signing a user agreement each year the student and parent agree to abide by the school's policy governing access. The privilege of using school computers can be taken away at any time as a consequence of misuse.

124. General Guidelines

- The privacy of fellow students and faculty members must be protected at all times. Online media must not reflect poorly upon the school or any member of our community—this includes Facebook posts by parents. St. Aloysius School administration reserves the right to address student behaviors occurring outside of school that may damage the school or a faculty member’s reputation as well as negative/libel posts online made by parents. In addition to general awareness conversations, referrals, detention, probation, or suspension are viable options to the misuse of technology by students.
- Several computers and Chromebook carts are available for student use. There are also wireless laptops, Chromebooks, and iPads available to use as we integrate technology into our everyday curriculum. Access to the Internet enables students to explore thousands of libraries, databases, and informational websites. Students are required to report any inappropriate material to the supervising adult immediately.
- Filters/Firewalls are in place, but students are also responsible for the correct use of technology. Going to a site when not directed to do so by the supervising teacher and/or not reporting inappropriate material will have consequences for the students involved. Consequences range from loss of privileges to suspension depending on the situation. Students in grades 4-8 are allowed to bring in personal electronic devices such as e-readers with the appropriate documentation. See the earlier section on PED and cell phone use. Each classroom also has a mounted a Clevertouch interactive flat panel or SmartBoard to enhance the overall learning environment.
- The school website is maintained by the technology coordinator and the principal. The website will be updated with weekly announcements as well as an informative letter from an administrator. Forms, calendars, school publications, and permission slips are also available through the school website. Grades are also available through Sycamore. Parents have specific login and passwords for viewing only their student’s progress. Teachers upload grades a minimum of twice a month, on or about the 15th and 30th. Other grades, notes, assignments, etc. may be added as needed.

125. Technology Rules/Regulations

The following guidelines adapted from the Archdiocese of Louisville Policy Handbook are in place and enforced for all students:

1. Abusive, harassing or offending messages must not be sent.
2. Students must not reveal their names or other personal information to establish relationships with “strangers” on the network, unless a parent or teacher has coordinated the communication.

3. Files and communications will be reviewed periodically to ensure that students are using the system responsibly. Users should not expect that files stored on the school servers will always be private.
4. Teachers may select and guide students on the use of instructional materials on the Internet. Links are provided by the technology coordinator on the St. Aloysius website to save time and lessen opportunities for inappropriate material.
5. By signing a user agreement each year, the student and parent agree to abide by the school's policy governing access. The privilege of using school computers can be taken away at any time as a consequence of misuse.
6. The school will be responsible for supervising and monitoring access to the extent outlined in the user agreement. Parents and guardians are expected to monitor use outside of the school day. Text messaging, instant messenger, chat rooms, etc. are not allowed at school. Archdiocesan support may be consulted in areas of cyber-bullying.
7. Students should not access social media during any portion of the school day. Any app/website categorized as social media will violate the St. Aloysius technology policy. Disciplinary protocol will be followed for each occurrence.
8. At no time is cheating acceptable at St. Aloysius. Cheating, in short, is using someone else's work and representing it as your own. Examples include but are not limited to copying someone's written work/test/homework, plagiarizing, soliciting or unsolicited sharing of answers, changing the name on a paper to represent it as your own when it is not, etc. Copying online material will qualify as cheating. Consequences will be given to those who willingly give someone else his/her work as well as the person using the information as his/her own. Because situations will vary, the classroom teacher will determine the severity of the consequence in consultation with the administration. Consequences may include receiving a zero on the assignment/test, a reduction in credit, loss of privileges and/or detentions. Teachers are not required to give alternative assignments or assessments due to cheating. Repeated issues with cheating will result in detentions and parent conferences will be called.

126. Personal Device Use Policy

St. Aloysius Catholic School realizes that part of 21st century learning is adapting to the changing methods of communication. To this aim, St. Aloysius Catholic School has prioritized the expansion of technological access to each classroom throughout the school day. As such, students should no longer need to bring their own personal device to school. If there is a specific need, administration reserves the right to evaluate this need on an individual basis.

127. Class Facebook Pages

The purpose of this Facebook page is to provide information, inspiration, and an interactive forum for those who are interested in the St. Aloysius Catholic School in Pewee Valley, KY and/or the Archdiocese of Louisville. This page is moderated by school administration, and all posts and comments should be marked by Christian charity and respect for the truth.

Posts or comments will be deleted that contain:

- Vulgar language.
- Personal or inflammatory attacks on persons or groups.
- Content or comments that are off topic.
- Spam.
- Links to sites that contain offensive material or attack persons or groups.
- Promotion of products or partisan political organizations or agendas.
- Information that is factually incorrect.

St. Aloysius Staff reserves the right to remove posts and block users who violate this policy.

St. Aloysius School, students or faculty should not be photographed or filmed without express permission from the principal. No photos, videos, etc. should be uploaded to social networking sites. Violation of this rule can result in loss of privileges, detention, probation, suspension and/or dismissal depending on the severity of the event. The final decision on discipline in this area will be with the principal and superintendent of schools for the Archdiocese.

The school will be responsible for supervising and monitoring access to the extent outlined in the user agreement. Parents and guardians are expected to monitor use outside of the school day. Text messaging, Snap-chat, chat rooms, etc. are not allowed at school. Archdiocesan support may be consulted in areas of cyber-bullying. The privacy of fellow students and faculty members must be protected at all times. Online media must not reflect poorly upon the school or any member of our community—this includes Facebook posts by parents. St. Aloysius School administration reserves the right to address student behaviors occurring outside of school that may damage the school or a faculty member's reputation as well as negative/libel posts online made by parents. In addition to general awareness, conversations, referrals, detention, probation, or suspension are viable options to the misuse of technology.

128. Cell Phone Use

The use of any personal electronic device, including cell phones, is a privilege, not a right. The following guidelines for cell phones went into effect March 3, 2014 and will continue into this school year.

- **Cell phones must be kept in student backpacks or lockers in the off position.** Cell phones should not be taken into classes unless specifically requested by teachers. Cell phones should not be used during the day for texting or making calls. Cell phones should not be carried from class to class or into the bathrooms. Keeping phones in lockers will promote fewer classroom disruptions. Students are responsible for providing a lock for

his/her locker as needed for security.

- **Students may not use phones to take notes.** This is not best practice for note taking skills. Notes on phones are difficult to organize/use later, and difficult for teachers to check/assign credit as part of a student's grade. Students may still use tablets or laptops if needed for notes. Teachers will tell students when it is appropriate to use their tablet or other device. Students should not assume they can use them anytime they want.
- **Phone as e-reader:** If a student is using his/her phone or other device as an e reader for literature class, he/she will need to get it from his/her locker just before class and return it to the locker at the end of class after asking teacher permission. Locker retrieval will not be accepted as an excuse for being late to class. Again, e-readers are a convenience, not a necessity. While we want to promote reading, we do not want students tempted by apps, Internet, etc.
- **Phone as calculator:** Appropriate mathematical calculators were included on the student supply list. Phones do not have the needed functions for math classes and will not be allowed as a substitute for calculators.

If students are found in violation of the above guidelines, their phones will be taken and held in the office for parent pick up. If tablets, laptops, etc. are used inappropriately, they will also be taken to the office. Students must be responsible and use their resources to support learning.

129. Watch Protocol

Basic wrist watch, health bands (ie: Fitbit), memory/cause rubber bracelets or other simple bracelets are allowed as long as they are not a distraction. Only **one** wrist/ bracelet item can be worn at a time (one bracelet per body). iWatches are no longer permitted at St. Aloysius. If they are at school, students will receive a warning the first time, and the watch will be confiscated on the second offense. Texting from an iWatch or similar device during school is prohibited just as on an iPhone.

130. Disciplinary Referrals

In addition to the implementation of classroom management plans, students that use unpermitted technological devices, apps/programs, websites, social media, etc. will receive a disciplinary referral for unauthorized use of technology.

131. Detention Notices

More serious misbehaviors with technology will also result in students receiving a Detention Notice. Students who receive a detention will serve a morning or after school detention as arranged by the Assistant Principal or Principal. Students receiving 3 referrals for unauthorized technology use will receive detention upon receipt of their 3rd referral. At any point, a student

may be assigned a detention if his/her unauthorized use of technology creates a safety concern, is damaging to the reputation of the student/school, or contains content of an inappropriate nature.

132. Website and Communication

The majority of school communications will be sent via the school Update each Tuesday. The Update will be updated each week and sent via email to all current families. The school website will also serve as a means of communication with families. All information for the website must be pre-approved by a school administrator before it can be posted on the Update or school website. Information must be sent in the form of a pre-made flier when sent to the office. Office staff and administration can not create fliers for activities due to time constraints. Hard copies of fliers will not be made by the school. While social media posting of events is permissible, it is recommended that all events be funneled through the school office and posted in the Update before a social media post is made. Families that do not have access to the Internet can have a hard copy of the Update sent home with the oldest child in their family. Parents will need to contact the school office and request this service.

The school can not operate as a ‘mailing service’ for parents. If parents have invitations, fliers, or other handouts they want to share with specific parent groups (all third grade parents, for example) they will have to send such information via the postal service or their own email. There is an incredible amount of paperwork that flows through the office and classrooms each day and the school simply can not be responsible for forwarding additional items. This includes items sold online via Facebook. Do not send items or payment through the office.

ReachAlert will be used to announce weather related closings or delays as well as last minute carpool changes (such as train issues). PTO news, school board minutes, a detailed calendar and many other important pieces of information are regularly posted in the Update each week. It is essential for parents to read the Update each week.

133. Social Media/Internet Monitoring

Students and parents must sign a technology user agreement at the beginning of each school year. Students are to use school technology tools only under the direction and supervision of their teacher and only for the specified purpose designated. **This Technology Agreement can be found in the registration forms on the website. These forms are to be signed and turned in by all students and parents prior to the beginning of the school year, and acknowledge family understanding of all technology policies.** All students will be given a school email account and should access them with the guidance of a teacher or parent. **Students should not use their school-assigned email address to sign up for any social media accounts or other non-school related subscription without teacher approval.** Students are not allowed to access their personal accounts from school.

Internet Monitoring

The school will be responsible for supervising and monitoring internet access to the extent outlined in the user agreement. Parents and guardians are expected to monitor use outside of the school day. During the school day, applications that feature text messaging, chat rooms, and social media etc. are prohibited. Students should not use the Internet, texting, emails or other messaging tools to contact friends or parents from school during the school day. If students need to contact a parent, the office phone should be used.

When using the internet, the privacy of fellow students and faculty members must be protected at all times. Online media must not reflect poorly upon the school or any member of our community—this includes Facebook posts by parents. In addition to general awareness, conversations, referrals, detention, probation, or suspension are viable options to the misuse of technology. By signing a user agreement each year the student and parent agree to abide by the school's policy governing access. The privilege of using school computers can be taken away at any time as a consequence of misuse.

FORMS, LISTS, ADDENDUMS

Forms begin on the next page.

133. PERMISSION FORM FOR PRESCRIBED MEDICATION

Date form received by the school: _____
Student: _____ Date of Birth, or age: _____ Grade: _____
Teacher/Classroom: _____

To Be Completed by the physician or Authorized Prescriber

Reason for Medication _____

_____ Name of Medication

Form of medication/treatment:

Tablet/capsule Liquid Inhaler Injection Nebulizer Other _____

Instructions (*Schedule and dose to be given at school*): _____

_____ Start: date form received Other date: _____
_____ Stop: end of school year Other date/duration: _____ For episodic/emergency events only

Restrictions and/or Important effects: None anticipated

Yes. Please describe. _____

Special Storage Requirements: None Refrigerate

Other: _____

This student is both capable and responsible for self-administering this medication: No Yes – Supervised Yes – Unsupervised

Please indicate if you have provided additional information:

On the back side of this form As an attachment

Date: _____ Signature: _____

Physician's Name: _____
Address: _____
Phone Number: _____
Doctor's Signature: _____

To the School: Please report concerns about medications or disease to the above physician.

To be completed by parent/guardian:

I give permission for (*name of child*) _____ to receive the above medication at school according to standard school policy. (***Schools require a parent/guardian to bring the medication in its original container***).

Date: _____ Signature: _____ Relationship: _____

Parent/Guardian Phone #'s: Home _____ Work _____ Emergency _____

134. Permission Form for Non-Prescription Medication

Date _____

Student _____

Physician's Name _____

Address _____

Phone Number _____

Name of Medication _____

Dosage _____

Time of Day for Dosage _____

Reason for Medication to be Given _____

Possible Reactions or Side Effects _____

Parent's Signature _____

Telephone: Home _____ Work _____ Cell _____

Emergency Name(s) _____

Phone Numbers _____

135. Acceptable Peanut Allergy Snacks

The following is a list of food items that are generally considered safe:

CANDY/ICE CREAM:

Smarties, Tootsie Rolls, Tootsie Roll Pops, York Peppermint Patties, Sprees, Sweet Tarts, Skittles, Dum Dum Lollipops, Hershey's Kissables, Starburst, Nerds, Breyer's Vanilla and Chocolate, Popsicle brand popsicles as well as Kroger brand popsicles, Flavor-ice Popsicles.

COOKIE/CAKE ITEMS:

Oreo Cookies (original), Nabisco Nilla Wafers, Dunkin' Doughnuts (plain glazed), Teddy Grahams (all flavors), Hostess Ding Dongs, Kellogg's Pop Tarts, Duncan Hines and Betty Crocker cake mixes and icings (**without nuts**, of course), Hostess Mini Muffins (**not** Banana Nut flavor).

NOTE: No Girl Scout cookies are considered safe at this time. No bakery items are considered safe due to the potential for cross-contamination with peanut products via shared utensils, etc.

CRACKERS/CHIPS/PRETZELS:

Goldfish Crackers, Ritz Crackers (original), Townhouse Crackers, Club Crackers and cracker sticks, Triscuits, Wheat Thins (original), Cheetos, Doritos, Fritos, Tostitos, Pringles, Ruffles, Bugles, Rold Gold Pretzels, Lay's Potato Chips, Nabisco Honey Maid Graham Crackers or Honey Sticks/Cinnamon Sticks.

IMPORTANT NOTE: All "Mike Sells" products are cooked in PEANUT OIL. Also, "Snyder's" brand pretzels are produced in conjunction with peanut products and therefore could potentially be exposed to cross-contamination. Please avoid these specific brand items.

OTHER SNACK/FOOD ITEMS:

Fresh fruit/vegetables, Jello fruit or pudding cups, Rainbow Bread, Pepperidge Farm bagels, Sara Lee bagels, most lunch meats, cheeses, butter or margarine, cream cheese, applesauce, fruit cups, yogurt (no nuts OR granola), Gogurt, fruit roll-ups, Yo-go's, juice boxes, fruit chews, Cheerios (regular or Apple Cinnamon), Apple Jacks, Lucky Charms, Life (regular and cinnamon), Corn Pops, Fruit Loops, Rice Krispies (and Rice Krispie treats), Kix, Golden Grahams.

Please keep in mind that this list is very general and meant only to serve as a guideline for parents and teachers. Product ingredients and manufacturing guidelines can change and we will revise and redistribute this list if we find this to be true of any item listed above.

136. Walker Permission Slip 2023-2024

Student safety is a top priority at St. Aloysius, and we support and encourage the experience and necessity of walking to and from school. However, a student should possess the following characteristics in order to be considered a walker:

- **A child who is responsible enough to walk independently without a parent.**
- **A child who can navigate directions in order to walk independently.**
- **A child who can successfully cross the street without adult supervision.**
- **A child who can problem-solve issues that might arise on their walk home or thereafter.**
- **If any of the above criteria cannot be met independently due to student age, he/she must be accompanied by a sibling or parent who does meet this criteria.**

In order to ensure the safety of our students, St. Aloysius requires any morning or afternoon walkers to have this signed permission slip on file in the office. Walkers exiting the building and walking through the back of the campus will be released with the first wave of carline in the back and will wait for BACK WALKERS to be lit on the carline display board. Faculty and staff will be present in the back lot to ensure that no cars are released until these students have safely made it past the playground. Those students exiting through the front of the building and walking toward LaGrange Road, will wait until all waves of the carline are complete before being released from the building. These students will remain in their classroom until the FRONT WALKERS are lit up on the carline display board.

Any student who does **NOT** have this form on file will **NOT** be allowed to walk home. They will be taken to the office to call their parents/guardians. A new form will need to be signed annually.

By signing this permission slip, parents agree to all criteria listed above, and will **NOT** hold St. Aloysius responsible for students after they leave school property. In addition, parents agree to follow the general St. Aloysius transportation policy when arrangements might change. Please see section 7.2 in the School Handbook for further information.

137. Handbook Agreement

Student and Parent Code of Conduct

We, the members of the _____ family have read the Parent/Student Handbook, and have discussed the importance of obeying all rules and regulations of St. Aloysius Catholic School. We agree to be governed by this school handbook. We recognize the right and responsibility of the school to make rules and to enforce them.

We, as parents, also agree to the pledges made in the initial letter on page 2, the Archdiocese of Louisville Catholic School Policy, “WORKING TOGETHER IN CATHOLIC SCHOOLS” on page 6, and the St. Aloysius School Code of Conduct, starting on page 15.

We want to be a part of St. Aloysius Catholic School because we want to learn the teaching of Christ and His Church. As students, we will show our appreciation for this opportunity by following the EAGLE Acronym:

E - I am EAGER to learn.

A - I ACCEPT responsibility for my ACTIONS.

G - I GIVE to others using my GIFTS and talents.

L - I LEAD by God’s example and share his LOVE with others.

E - I ENCOURAGE kindness and respect.

With God’s help we can live this code of conduct.

This form must be returned to the school office by the first day of school. It will be kept on file there throughout the school year. Thank you for your cooperation.

138. Intermediate Behavior and Homework Expectations

4th and 5th Grade: 2024 - 2025

Dear Parents,

Below you will find a detailed outline of expectations for the 4th and 5th grade students in terms of behavior and homework.

Behavior Expectations

We expect all our students to follow the guidelines laid out in the Parent and Student Handbook. This particular behavior plan is more specific to the intermediate grade levels in an effort to meet our students' developmental needs and prevent more significant consequences from being necessary. We understand that certain issues may arise that need to be addressed on a more individual level and will handle them on a case by case basis.

The following plan pertains only to behavioral issues, including but not limited to; excessive talking, disrespect to teachers or other students, misuse of property or school supplies, back-talking, copying work, excessive rowdiness, etc. Students will be given sufficient reminders to correct behavior; however, should the inappropriate behavior continue, students will have a notation (a check mark) made in the intermediate behavior log that allows teachers to give a brief review of what happened, who was involved and how the student responded in a confidential forum. Both teachers and administration have access to this document as a type of running record and also to find patterns of behavior should they arise. Should an entry on the behavior log be necessary, students will be made aware of it in a discreet manner.

-If a student receives 3 behavior "checks" in one school week (Monday-Friday), he/she will receive a **disciplinary referral**. A referral is written notification to a parent of the behavioral issues a student has experienced. Behavior checks will 'reset' at the start of each week. Should a student receive 3 disciplinary referrals within one trimester, he/she will then receive a Detention Notice and will serve detention in the school office.

Referrals will 'reset' at each new trimester.

Things to Keep in Mind:

- Teachers strive to offer multiple redirections and opportunities to address situations before resorting to giving “checks” or other disciplinary action.
- Students with documented diagnoses or student strategy/accommodation plans may require a more specialized plan. This can be discussed as needed.
- At the beginning of each week the students start with a clean slate in regard to the behavioral checks.
- Beginning in January, if a student is not prepared for class, the preparedness check will become a behavior check. This applies for both 4th and 5th grade.
- Beginning in January for 5th grade, all referrals and detentions will be cumulative (not reset at the beginning of the trimester). This is to prepare them for middle school.
- As stated in the school handbook, depending on the severity of the offense, teachers and administration reserve the right to bypass the check system and go straight to a more significant consequence. The school counselor and/or principal may be asked to conference with the student if necessary as well.
- Teachers will communicate with parents as needed to collaborate on any problem behaviors that need to be addressed or offer more specific detail.

Homework Expectations

Homework is assigned to help individual students practice material that has been introduced during the school day. As such, students are expected to turn in their homework assignments when they are due. Students will be expected to write down their homework in their planner. In order to reinforce the importance of homework, the following Homework Plan will be followed for the Intermediate grades.

- Students that are absent from school due to sickness will have that same number of days to complete work without penalty. For example, if

you miss school for two days, you will have two days to turn in assignments.

- When a student is absent for illness, the homework will be written down by the teachers on an absentee log. If your child is absent just one day, his or her absentee log and papers needed to complete the work will be found in the student's mailbox. If your child is absent for more than one day, the parent will need to contact the school and teacher to inform them of how the work should be sent home. If you prefer to pick up the materials, it can be picked up in the school office after 1:00 pm.
- As per the handbook, if a student is absent for a vacation, **the teachers are not required to give assignments prior to the student leaving.** The student will get his or her missed work upon return.
- After the appropriate time, the late homework rules apply. Each teacher has their own individualized policy for late work.
- Individual teachers will be in charge of tracking homework completion for the students they teach.
- Missing work will be noted on Sycamore until it's turned in to the teacher. Late work that is turned in within 3 school days of the due date will be collected for lower grade/partial credit based on the nature of the assignment and teacher discretion. After 3 school days, late work will not be accepted.
- **Extra credit work is not given to improve individual student grades.**

Work will be weighted on Sycamore at 70% summative (tests, quizzes, and projects) and 30% formative (classwork, homework, group work at school, etc.).

Class Preparation Expectations

Students are expected to be prepared for each class. This means having all needed materials, notebooks, pencils and planner..

Students will use their planner for recording daily homework, long term projects and upcoming tests. Parents should check the planners on a regular basis to keep up with student work.

Uniforms

Students are expected to follow the uniform policy, as outlined in the Parent-Student Handbook. Teachers will perform uniform checks after announcements daily. If a student has not followed the uniform policy, a uniform infraction will be given. This uniform infraction will be sent home for the parent to review and sign. After three uniform infractions, a referral will be given.

Sincerely,

The Intermediate Teachers

Kim Crable 4A Gina Hays 4B Sarah Bilbro 5A Rhonda Canary 5B

Please cut and return the bottom portion of this letter.

I have read the intermediate guidelines about behavior, homework, and preparedness and understand the process for accountability found there.

139. Archdiocese of Louisville Acceptable Media Use Policy for Students

Access to Electronic Mail, the Internet, and other digital resources will enable students to explore thousands of libraries and databases and gather and process information, learn new skills, and communicate with others around the world. While our intent is to make access available to further educational goals and objectives, students may find ways to access objectionable materials as well. We believe that the benefits to students from this access, in the form of information, resources and opportunities for collaboration, exceed the disadvantages.

To that end, the Archdiocese of Louisville has set the following standards for using electronic resources.

1. Students are responsible for good behavior on all digital devices and school networks, just as they are in the classroom. Communications and activities on the network are public in nature. The network is provided for students to conduct research and communicate with others. Access to network services and digital resources is given to students who agree to act in a responsible manner. Parent permission is required, and access is a privilege -- not a right.
2. Network administrators may review files and communications to maintain system integrity and ensure that users are employing the system responsibly. Network and Internet storage areas may be treated like school lockers; while generally private, they may be searched under certain circumstances. Users should not expect that files stored on school servers or in school accounts will be private.
3. Access to information will be honored within reason. During school hours, teachers will guide students toward appropriate materials. Outside of school, families bear the same responsibility as they would when guiding their children with information sources such as books, periodicals, television, telephones, movies, radio and other potentially offensive media.
4. Students participating while hybrid or remote learning is taking place may be part of classroom video, streamed and/or recorded by the teacher for the express purpose of teaching and learning. Students may not use other students and teachers' images from these recordings.
5. The following are not permitted:
 - Doing anything illegal or unethical
 - Revealing personal information online (name, phone number, address)
 - Sending, receiving, or displaying offensive messages or pictures
 - Using obscene language
 - Harassing, insulting or threatening others
 - Damaging devices, computer systems or computer networks
 - Changing network or system settings

- Violating copyright laws
- Submitting documents from the Internet as personal work without attribution (including artificial intelligence)
- Using another person's password or trespassing in someone else's folder, work or files • Intentionally wasting limited resources
- Using the network for commercial purposes
- Propagating chain messages
- Making unauthorized downloads
- Using virtual private networks (VPN)
- Viewing, uploading, downloading, or transmitting material that is pornographic, hateful, or obscene
- Participating in chat or instant messaging for non-educational purposes • Accessing social networking sites on school computers or the school network without teacher permission
- Sexting or distributing personal information or pictures of others

6. Violations may result in loss of access or other disciplinary action.

7. The student, parent, and teacher must sign this form for the student to gain access to school equipment and the school network.

The full Archdiocese of Louisville Social Media Policy can be referenced [here](#).
